## 2024 Annual Security Report Introduction

Bryan College of Health Sciences is a college community of approximately 750 students and approximately 75 regularly employed faculty and staff, located in Lincoln, Nebraska. The population of Lincoln is approximately 290,000. The Bryan College of Health Sciences is a commuter campus located on the Bryan East Campus. The College also utilizes space at Bryan West Campus, located three miles west of the College. As part of this larger community the College shares many of the same interests and problems, including concerns about crime. Bryan College of Health Sciences fortunately has not experienced significant numbers of crimes on any of its campus locations.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to publish an annual security and campus safety report containing campus security and campus safety policies and procedures, as well as crime statistics. The report provides information to the campus community about crime reporting procedures, various policies, crime prevention programs, and campus crime statistics. By October 1st of each year, this report is made available to all current students and employees and upon request to any applicant for enrollment or employment.

The Clery Act was enacted in 1990, and amended in 1992, 1998, 2000, and 2008. In 2013, the Violence Against Women Reauthorization Act (VAWA) amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. All statistics in this Annual Security Report are presented and updated in compliance with all amendments to the act, under the supervision of the Dean of Students in collaboration with Student Services, Bryan Medical Center Safety Officer and Bryan Medical Center Security.

The Dean of Students sends an email to every enrolled student and current employee on an annual basis informing them of the availability of the Annual Security and Campus Safety Report prior to October 1st. The email and letter include a brief summary of the contents of this report. The email also include the web address where the Annual Security and Campus Safety Report can be found online, and notification that a physical copy may be obtained by making a request to the Dean of Students Office by calling (402) 481-3904 or in person at the Dean of Students Office. Prospective students can access the Annual Security and Campus Safety Report through a link when applying for admissions to Bryan College of Health Sciences.

Bryan College of Health Sciences is concerned about the safety and welfare of the entire Bryan College community and its guests. The College has developed a number of procedures, polices, and programs to help promote a safe and secure learning and working environment.

(It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used.)

**Burglary:** The unlawful entry into a structure to commit a felony or theft. ### **Categories of Bias:**

**Bias** is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, disability, sexual orientation, gender identity, ethnicity, or national origin.

**Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair, facial features, etc.) genetically transmitted descent and heredity, which distinguished them as a distinct division of humankind (e.g., Asians, blacks or African Americans, whites).

**Gender:** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived gender, e.g., male or female.

**Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

**Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g. Catholics, Jews, Protestants, atheists.

**Sexual orientation:** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual attraction. Sexual Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

**Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.

**National Origin:** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

**Disability:** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

**Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by current or former spouse of the victim, by a person with whom the victim shared a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other persons against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Nebraska.

**Dating Violence:** Violence committed against a person a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and b) where the existence of such relationship shall be determined based on the reporting party's statement and a consideration of (i) the length of the relationship, (ii) the type of relationship, and (iii) the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

**Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for his or her safety or the safety of others or (b) suffer substantial emotional distress.

**For purposes of this definition—**

- Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

- Always keep your car, house, apartment, or room locked. Keeping doors open for even short periods of time could affect your personal safety or result in theft or vandalism of your belongings.
- Keep valuables out of sight. If in your house/room, lock them in a safe place. If in a car, lock them in your trunk.
- Do not leave purses, books, or backpacks unattended in classrooms, lounges, or in the library. Lockers are available at the College for student use.
- Do not walk, run, or jog alone. This is especially important at night and early in the morning when it is dark and there are few people around.
- Use sidewalks whenever possible and stay in well-traveled and well-lighted areas.
- Walk with a purpose. This will show you are confident and are not likely to be an easy victim.
- Let someone know where you are and when you plan to return. If you are missed, someone can look for you.

Members of the Executive Committee of the College or designees, in conjunction with Bryan Medical Center Security using their professional judgment will, generally in accordance with the Campus Timely Warning Creation and Distribution Matrix immediately below, issue a timely warning regarding any Clery crime reported to CSAs or local police agencies that is considered by the College to represent a serious or continuing threat to students and employees. The primary method of providing timely warnings will be through the College email system. The College may also issue timely warnings through posting of flyers around campus, in-class announcements, the Bryan College mobile app, the public address system, or other appropriate means, as deemed appropriate by the Executive Committee of the College or designee, in conjunction with Bryan Medical Center Security.

Timely warnings will generally include the nature of the threat, source of the information, and suggested precautions to be taken. Whether or not to issue a timely warning will be decided on a case by case basis in light of all the factors surrounding a reported Clery crime, including factors such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. In issuing timely warnings, the College will withhold as confidential the names and other identifying information of victims.

### **Campus Timely Warning Creation and Distribution Matrix**

Unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim, newly reported crimes/incidents within the college's Clery geography and updated information regarding previously reported crimes are entered onto the Daily Crime log within two business days of when they are reported to Campus Security. It is important to note that Campus Security has no expanded patrol jurisdiction outside of its identified Clery Geography.

### Clery Act Reporting

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Manslaughter by Negligence, Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons Law violations, the statistics indicate the number of people arrested by law enforcement or referred to the Office of Student Rights and Responsibilities or Human Resources for possible disciplinary action for violations of those specific laws.

Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of their bias against the victim because of the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act Purposes, Hate Crimes include any of the following offenses that are motivated by the offender's bias: Murder and Non-negligent Manslaughter, Sex Offenses (rape, fondling, incest and statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/ Vandalism of Property.

- Your personal response may need to be made in a hurry. Difficult decisions will need to be acted on quickly. Make the best response decisions you can and try to limit the harm inflicted on yourself and those around you.

### Notification by observing person/employee

- Make the best decision you can as to order of notifications

The College's emergency response and evacuation procedures are tested on at least an annual basis. Tests may be announced or unannounced. The tests are scheduled, contain drills, contain exercises, contain follow through activities, and are designed for assessment and evaluation of emergency plans and capabilities.

The College publicizes its emergency response and evacuation procedures in conjunction with at least one test per calendar year. Each test is documented, including a description of the exercise, the date, the time, and whether it was announced or unannounced.

#### Emergency Response

In consult with Bryan Medical Center, the College Safety is responsible for developing emergency response and continuity of operations plans for their areas and staff. The College Safety Committee provides resources and guidance for the development of these plans. Emergencies occurring on campus should be reported to Campus Security by dialing:

- (402) 481-8488 (East Campus) or on-campus extension 1-8488,
- (402)-481-5802 (West Campus) or on-campus extension 1-5802,
- or by dialing 911 for outside emergency responders.

In conjunction with other emergency agencies, the college conducts emergency response drills and exercises each year, such as fire, tornado, and active shooter drills and exercises, along with tests of the emergency notification systems on campus. The College will test its emergency response and evacuation procedures on at least an annual basis. These tests, which may be announced or unannounced are designed to assess and evaluate the emergency plans and capabilities of the institution. After action reviews will be conducted following each test and/or exercise that documents the test/exercise, provides a description for each test/exercise, the date, time, whether the test was announced or unannounced. And an assessment of the lessons learned from the exercise.

#### Emergency Evacuation Procedures

The purpose of evacuation drills is to prepare Bryan College students, faculty, and staff for an organized evacuation in case of a fire or other emergency. At Bryan College of Health Sciences, evacuation drills are used as a way to educate and train campus community safety measures. Safety measure education and training deliverables are held once a semester during Fall and Spring terms at Bryan College of Health Sciences.

#### General Evacuation Procedures

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify campus security or on-campus extension or by dialing 911 for outside emergency responders.

- Remain Calm
- Do NOT use Elevators; Use the Stairs.

- Assist the physically impaired. If they are unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform Campus Security or the responding Fire Department of the individual's location.
- Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
- Make sure all personnel are out of the building.
- Do not re-enter the building until advised to do so by emergency response personnel.

### **Shelter-in-place Procedures-What It Means to "Shelter-in-Place"**

College authorities may instruct campus community members to "shelter-in-place" if a condition exists that is potentially life threatening and poses an immediate threat to the health and personal safety of the campus community. Immediate threats would include, but are not limited to: active shooter incidents, mass acts of violence, tornadoes, terror attacks, or hazardous materials incidents. Thus, to "shelter-in-place" means to make a shelter of the building that you are in; with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside. Community members should remain in a shelter-in-place status until the all-clear is communicated by emergency response personnel via an emergency rapid communications system(s).

### **Basic "Shelter-in-Place" Guidance**

In an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your essential personal belongings (purse, wallet, ID Badge, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest safe location. If police or fire department personnel are on the scene, follow their directions.

### **How You Will Know to "Shelter-in-Place"**

A shelter-in-place notification may come from several sources, such as campus security, a text on your phone, other college employees, local law enforcement or outside emergency services, or other authorities utilizing the College's emergency communication tools.

### **How to "Shelter-in-Place"**

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency response personnel.

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  - An interior room;
  - The lower in the building the better; and
  - Without windows or with the least amount of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- Turn off air conditioners, heaters, and fans.
- Make a list of the people with you and ask someone (faculty or staff) to call the list in to Campus Security so they know where you are sheltering. If only students are present, one of the students should call in the list.
- Turn on a radio or TV and listen for further instructions, unless the nature of the emergency requires silence (e.g., active shooter or mass violence incident; the more specific suggestions above should be followed in such an incident).
- Make yourself comfortable.

**Off-Campus Emergencies**

Bryan Medical Center Security Department works closely with Lincoln Police Department, including notification of incidents that could imminently impact the safety of Bryan College of Health Sciences. When appropriate, LPD notifies Bryan Medical Center Security Department of off-campus emergencies where the potential of a threat arises that would disrupt the health and safety of students or employees.

### Emergency/Immediate Notification

With the assistance of Bryan Medical Center Security Department, and in the event of an emergency or dangerous situation involving an imminent threat to the health or safety of students or employees occurring on campus, members of the Executive Committee of the College or designees will confirm that there is a significant emergency or dangerous situation. Such Executive Committee members will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless issuing a notification will, in their professional judgment, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In consultation with Bryan Medical Center Security Department, members of the Executive Committee will determine the appropriate segment or segments of the campus community to receive a notification; determine the content of the notification; and utilize the College's mass notification (mobile app alert/or public address) systems to initiate the system and notify the campus community, as appropriate. If necessary, members of the Executive Committee will disseminate information about an on-campus emergency situation to the larger community by contacting local first responder authorities.

### Emergency/Immediate Distribution Matrix

The following matrix describes generally how Executive Committee members or designees will create and distribute emergency notifications, in conjunction with Bryan Medical Center Security.

## **Emergency mass Notification System - Testing and Registration**

Students, faculty, and staff can register to receive real-time notifications of these emergency events by a text to check their email. This notification system will also be used in the event that an evacuation is required.

## **Drug and Alcohol Policy and Procedure**

Bryan College of Health Sciences is committed to providing a drug and alcohol free educational environment which supports the mission of the College. The College's primary role in dealing with the use or potential use of drugs or alcohol is that of prevention, counseling, and education.

The risks associated with the use of illicit drugs and the abuse of alcohol are numerous and include physical and mental impairment, emotional and psychological deterioration, and devastating effects on family and friends. There are obvious risks, such as being charged with driving under the influence or while intoxicated, and sustaining or causing personal injury. There are a number of less obvious risks associated with alcohol and other drug abuse: poor academic performance; poor job performance; unwanted sexual activity; sexually transmitted diseases, including HIV/AIDS; and jeopardizing future career prospects. In addition, alcohol and drug abuse put the user at considerable health risk, which can include: nausea, vomiting, cancer, liver damage, elevated blood pressure, psychotic episodes, hallucinations and, in some cases, death.

It is the policy of the College that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, or the purchase, sale, possession, use or consumption of alcohol is strictly prohibited on College premises, extension of the College campus, and at all College-sponsored events and activities on and off campus. A College-sponsored student event is any gathering that is arranged or endorsed by the College, where students are in attendance. Attendance at any school activity, either curricular or extra-curricular, while under the influence of alcohol, shall constitute misconduct, unless prior permission from Bryan College administration has been obtained and the alcohol is sold off campus by a licensed independent vendor via a "cash bar" and only to persons of legal age. Any student or student organization that violates this policy will be subject to disciplinary action up to and including dismissal from the College. Disciplinary sanctions may also include the completion of an appropriate rehabilitation program. Students may be placed on suspension until the required program is completed.

The College reserves the right to notify an appropriate law enforcement agency when violation of the alcohol and drug policy is also a violation of the law.

If there is a reasonable suspicion of alcohol or drug consumption by a student prior to or while in class or at a College-sponsored activity, the student may be removed from the class or activity. If there is a suspicion of drug or alcohol consumption by a student prior to or after reporting to clinical activities, the student will be removed from the clinical setting. Disciplinary action may also be initiated in these scenarios.

At the discretion of the faculty or College Administrator, the student may be taken to the Health Office for evaluation, which may include alcohol or drug screening test(s).

**Reason to suspect impairment and/or withdrawal** include personal observations of, but not limited to, the following signs: poor neuromuscular coordination, diaphoresis, tremors, muscle cramps, gastrointestinal cramps/diarrhea, irritability, restlessness, difficulty concentrating, drowsiness, confusion, slurred speech, blurred vision. Acute behavioral changes such as severe mood swings, panic, severe depression, excessive physical activity, difficulty with authority and poorly explained errors, accidents, or injuries, are reasons to suspect impairment or withdrawal. Signs, behavior changes or other evidence of impairment and/or withdrawal should be documented by program administration, faculty or clinical preceptors and should include dates, times, locations, and names of witnesses.

**Reason to suspect substance use disorder** can be based on personal observations documented by administration, faculty or clinical preceptors. Documentation of concerns related to attendance (frequent or unexplained tardiness, absences, illnesses), behavior (see behavior changes above), performance

(underperformance, errors or elaborate excuses), physical signs (see signs above) and use of controlled substances (consistently appears to administer more drugs than colleagues, heavy wastage of drugs, drugs carried outside of clinical area) should include dates, times, locations, and names of witnesses.

### **Intervention by School**

#### **Assessment for Chemical Dependence or Substance Use Disorder**

A student is required to complete an assessment for chemical dependence/substance use disorder if a drug screening is positive or based on reason to suspect impairment, withdrawal or substance use disorder. The assessment method must be preapproved by the Dean of Students. The results of the assessment must be provided to the Dean of Students and Program Dean. The student will be placed on administrative/medical leave of absence until the assessment results are reviewed by the Dean of Students and Program Dean.

#### **Reentry**

A safe return to the program will be facilitated on an individual basis. A student placed on administrative/medical leave of absence for substance use disorder may not be able to reenter the program if reentry is a threat to the student's safety or patient safety. Readiness for reentry decisions made in collaboration between, e.g., any applicable monitoring/treatment programs, a certified drug and alcohol counselor, the Dean of Students, and/or the Program Dean.

A reentry contract with conditions to reenter the program will be written and agreed upon by the Dean of Students, Program Dean and affected student prior to the student's return to the classroom or clinical activities. A reentry contract is required for a student placed on administrative/medical leave of absence for assessment and/or treatment of chemical dependence or substance use disorder. Conditions likely will include evaluation by a certified drug and alcohol counselor, successful completion of a rehabilitation program if recommended, compliance with any follow-up care such as taking prescribed naltrexone or participating in a 12-step program, and participation in a monitoring program with random drug testing at the student's expense, with results reported to the Dean of Students. The student is required to comply with all conditions of any monitoring contract the student has entered into with a state licensing authority. Additional conditions may be included in the reentry contract on a case by case basis.

Drug Violations can render students ineligible for federal student aid.

If you or someone you know is having difficulties because of alcohol or substance abuse, please seek assistance. The College and the Lincoln community include individuals and agencies with the resources to help. Professional Development Services (Mel Stutzman, 402-481-3831) or Continuum EAP (402-476-0186) are resources that can provide information and access to counseling, treatment, support groups and rehabilitation programs.

### **Chapter 28-311.03. Stalking.**

Any person who willfully harasses another person or a family or household member of such person with the intent to injure, terrify, threaten, or intimidate commits the offense of stalking.

### **Bryan College's Definition of Consent as it relates to Sexual Activity is as follows:**

**Consent:** For purposes of this policy, consent means words or actions demonstrating a knowing and voluntary agreement to engage in mutually agreed upon sexual activity. Consent cannot be coerced, obtained by force, by ignoring or acting in spite of the objections of another, or by taking advantage of the incapacitation of another. In the case of drugs, alcohol, or other impairing substances, incapacitation is determined by how the person's decision-making ability is affected and the ability of the person to make informed judgments. The relevant standard for review is whether the person alleged to have engaged in sexual misconduct knew, or a sober, reasonable person in the same position should have known, that the complainant was incapacitated. Consent to one form of activity is not consent to another. Consent can be withdrawn at any time. Incident specific consent is required even if the two partners are in a relationship.

### **How to be an Active Bystander**

Bystander Intervention involves safe and positive options that may be carried out to prevent harm or intervene when there is a risk of harm such as dating violence, domestic violence, sexual assault, or stalking. Bystander Intervention refers to finding a way to safely intervene in potentially dangerous situations. The

bystander needs to: notice that an event is taking place, identify the event as some form of emergency, take responsibility for helping, decide on the appropriate helping response, and implement that response.

#### **Bystander Intervention techniques include:**

- **Direct:** Step in and address the situation directly. This might look like saying, "That's not cool. You need to stop." or "You need to leave them alone." This technique tends to work better when the person that you're trying to stop is someone that knows and trusts you. It does not work well when drugs or alcohol are being used because someone's ability to have a conversation with you about what is going on may be impaired, and they are more likely to become defensive
- **Distract:** Distract either person in the situation to intervene. You might say, "Aren't you in one of my classes?" or "Who wants to go get pizza?" This technique is especially useful when drugs or alcohol are being used because people under the influence are more easily distracted than those that are sober.
- **Delegate:** Find others who can help you to intervene in the situation. Asking a friend to distract one person in the situation while you distract the other or, asking someone to go sit with them and talk, or going and starting a dance party in the middle of their conversation. If you didn't know either person in the situation, you could also ask around to see if someone else does and check in with them. See if they can go talk to their friend, text their friend to check in, or intervene.
- **Delay:** At times you may not be able to do something right in the moment. For example, if you're feeling unsafe or if you're unsure whether or not someone in the situation is feeling unsafe. In this case, you can combine a distraction technique by asking the person to use the bathroom with you or go get a drink with you to separate them from the person that they are talking with. Then asking "Are you okay?" or "How can I help you get out of this situation?" You could also text the person, either in the situation or after you see them leave and ask, "Are you okay?" or "Do you need help?"

All College constituents have the responsibility to look out for one another. Making the choice to intervene is always the right thing to do. If you see something, say something! Don't hesitate to call 911 if you are concerned for someone's safety.

#### **Risk Reduction**

The following risk reduction strategies have been adapted from the Rape, Abuse, and Incest National Network at [www.rainn.org](http://www.rainn.org) and Love is Respect at [www.loveisrespect.org](http://www.loveisrespect.org).

- **Go to a social gathering with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Know where you are and who is around you.
- **Don't leave your drink unattended while dancing, talking, or using the restroom.** If you have left your drink unattended get a new one. At parties do not drink from the punch bowl or other large common open containers.
- **Don't accept drinks from people you don't know or trust.** If you do accept a drink, go with the person to the bar to order it and carry it yourself.
- **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately by calling 911.
- **Don't allow yourself to be isolated** with someone you don't know.
- **Watch out for your friends, and vice versa.** If a friend appears way too intoxicated for the amount of alcohol they've had, or is acting out of character, get them to a safe place immediately.

#### **If you are in an uncomfortable or scary situation:**

- **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
- **Be true to yourself.** Don't feel obligated to do anything you don't want to do. Do what feels right to you and what you are comfortable with.

- **Have a code word with your friends or family.** If you feel uncomfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, or having somewhere else that you need to be.
- **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you?
- **If you or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

### **Programs to Prevent Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

The College engages in intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

- Provide an overview of information contained in the Annual Security and Fire Safety Report in compliance with the Clery Act;
- Provide information regarding:
  - procedures victims should follow if a crime of domestic violence, dating violence, sexual assault, or stalking occurs (as described in "Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs" elsewhere in this Annual Report);
  - how the institution will protect the confidentiality of victims and other necessary parties (as described in "Assistance for Victims: Rights and Options" elsewhere in this Annual Report);
  - existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both in the institution and in the community (as described in "Assistance for Victims: Rights and Options" elsewhere in this Annual Report); and

- options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in “Assistance for Victims: Rights and Options” elsewhere in this Annual Report);
- procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking

### **Primary Prevention and Awareness Programs**

The College provides primary prevention and awareness programs to all incoming students and employees that involves the distribution of educational materials to new students, participating in and presenting information and material during new student and employee orientations, providing programs by invitation at staff meetings or academic programs, and requiring incoming first-year students to take online courses related to high risk drinking awareness and education. These training include:

- Clearly articulated statements that the College prohibits the crimes of domestic violence, dating violence, sexual assault and stalking;
- The Federal and State definitions of domestic violence, dating violence, sexual assault and stalking;

When a student or employee reports to the College that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of the student’s or employee’s rights and options regarding: applicable procedures; preservation of evidence; reporting options; the choice to involve or not involve law enforcement authorities; rights to seek orders of protection, no contact and restraining orders; information about the confidentiality of victims; existing counseling and other resources as described immediately above; a victim’s options for available assistance in changing academic and other situations as described immediately above; and an explanation of the procedures for College disciplinary action in cases of alleged dating violence, domestic violence, sexual assault or stalking; as described in more detail in other sections of this Annual Security Report.

### **Procedures Victims Should Follow If a Crime of Domestic Violence, Dating Violence, Sexual Assault, or Stalking Occurs**

The College encourages any person who has a concern regarding alleged domestic violence, dating violence,

sexual assault or stalking to report it to the Title IX Coordinator (Dean of Students) as soon after the incident as possible. However, there is no time limit on when an incident may be reported to the Title IX Coordinator or other College administrator. Complaints may be made by the following methods:

- Title IX Coordinator/Dean of Students: Dr. Alethea Stovall; 402-481-3804, [alethea.stovall@bryanhealthcollege.edu](mailto:alethea.stovall@bryanhealthcollege.edu);
- Deputy Director to Title IX: Dr. Angela McCown, 402-481-3663, [angela.mccown@bryanhealthcollege.edu](mailto:angela.mccown@bryanhealthcollege.edu);
- Mental Health Practitioner: Mel Stutzman, 402-481-3831, [mel.stutzman@bryanhealthcollege.edu](mailto:mel.stutzman@bryanhealthcollege.edu);
- College Health Nurse: Jeannine Neihardt, 402-481-8468, [Jeannine.Neihardt@bryanhealthcollege.edu](mailto:Jeannine.Neihardt@bryanhealthcollege.edu);
- College Health Nurse: Melinda White, 402-481-8468, [Melinda.white@bryanhealthcollege.edu](mailto:Melinda.white@bryanhealthcollege.edu);
- The Title IX Coordinator will begin an initial assessment within five (5) calendar days of receiving the complaint unless there are mitigating circumstances. The first step of the assessment will usually be a preliminary meeting with the complainant. The purpose of the preliminary meeting is to gain a basic understanding of the nature and circumstances of the report. It is not intended to be a full review. At this meeting the complainant will be provided with any additional necessary information about resources, procedural options, and Supportive Measures.

### **Options for Involvement of Law Enforcement and Campus Authorities**

#### **Primary Campus Security Authorities (CSA) or Preferred Receivers of reports:**

### **Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

If you have been the victim of domestic violence, dating violence, sexual assault, and stalking, you should report the incident promptly to the Title IX Coordinator/Dean of Students (East Campus, Office 233; phone: 402-481-3804), by calling, writing or coming into the Title IX Coordinator/Dean of Students office to report in person. Reports of all domestic violence, dating violence, sexual assault, and stalking made to Campus Safety will automatically be referred to the Title IX Coordinator for review. The Title IX Coordinator is not a confidential reporting entity and will report criminal incidents to Public Safety.

## Facilitated Anonymous Reporting Through Professional Counselors Privileged and Confidential Communication

### **\*Professional Counselors**

Professional, licensed counselors who provide mental-health counseling to members of the College community are not required to report any information about the incident to the Title IX Coordinator without a client's permission. There are currently no procedures to encourage professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

### **\*Non-professional Counselors and Advocates**

Individuals who work in the on-campus Professional Development Services and Health and Wellness Services, and Bryan Medical Center, Employee Health can generally talk to a client without revealing any personally identifying information about an incident to the College. A client can seek assistance and support from these individuals without triggering a College investigation that could reveal the client's identity or that the client has disclosed the incident.

While maintaining a client's confidentiality, these individuals or their office should report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report, which includes no information that would directly or indirectly identify the client, helps keep the Title IX Coordinator informed of the general extent and nature of sexual violence on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the client to ensure that no personally identifying details are shared with the Title IX Coordinator. These individuals or their office will also report the nature, date, time and general location of an incident (but not the identity of the client, unless necessary to promote safety) to the Security Department so that the report can be included in the College's crime statistics.

A client who speaks to a professional or non-professional counselor or advocate must understand that, if the client wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

These counselors and advocates will assist the client in receiving necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health, or mental health services, and changes to working or course schedules. A client who at first requests confidentiality may later decide to file a complaint with the College or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the client with assistance if the client wishes to do so.

### **Anonymous Online Reporting**

The College will attempt to respond to reports of Prohibited Conduct brought anonymously or brought by third parties not directly involved in the reported conduct, to the greatest extent practical. However, the response to such reports may be limited if information presented in the report cannot be verified by independent facts. The Anonymous Online Reporting form [may be found here](#).

These counselors and advocates will provide the individual with assistance if the individual wishes to do so.

### **Protective and No Contact Orders**

The College will inform individuals who report that they have experienced dating violence, domestic violence, sexual assault or stalking of their right to report a crime to local law enforcement and/or seek orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the College, and will provide assistance if the individual wishes to do so. The College will also work with complainants and others as appropriate to respect and implement the requirements of criminal and civil court orders on premises that it owns or controls, as necessary and appropriate.

### **Confidentiality**

The College is committed to fair and prompt procedures to investigate and adjudicate reports of sexual misconduct and to the education of the College community about the importance of responding to all forms of sexual misconduct. Special emphasis is placed on the rights, needs, and privacy of the student with a complaint, as well as the rights of the respondent while adhering to all federal, state, and local requirements for intervention and crime reporting related to sexual misconduct. The College strives to create an environment which encourages students to come forward if they feel they have been the victim of sexual misconduct. While the College strives to protect the confidentiality of both complainant and respondent, complete confidentiality cannot be guaranteed. The College will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation, but its ability to do so may be limited based on the nature of the request. The College must balance the needs of the individual student with its obligation to protect the safety and well-being of the community at large. Therefore, depending on the seriousness of the alleged incident and individual circumstances, further action may be necessary including a timely warning and/or notification of local law enforcement. Personally identifying information about complainants will not, however, be released in timely warnings or included in publicly-available recordkeeping.

Victims may request that directory information on file with the College be withheld by request. This request can be made to the Registrar's Office in person or by calling (402) 481-8718. Regardless of whether a victim has

opted out of allowing the College to share “directory information,” personally identifiable information (PII) about the victim and other necessary parties will be treated as confidential and only shared with person who have a specific need to know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

### **Procedures for College Disciplinary Action in Cases of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking**

All College disciplinary proceedings involving alleged dating violence, domestic violence, sexual assault or stalking will include prompt, fair, and impartial processes from the initial investigation to the final result, and will be completed within a reasonably prompt timeframe as provided more specifically in the detailed procedures. The College will provide written notice to the parties where extensions of timeframes are granted for good cause, and the reason for the extension. Proceedings will be conducted in a manner that is consistent with College policy and transparent to the parties, timely notice of meetings will be provided to the parties, the parties will have equal access to any information that will be used during the meetings and other proceedings, and College officials involved will not have a conflict of interest or bias for or against any party. All proceedings will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct procedures that protect the safety of the victims and promote accountability. Training includes, but is not limited to, topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The complainant and respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. The College will not limit the choice of advisor or the advisor’s presence for either party. The preponderance of the evidence standard of proof

(which means “more likely than not”) will be used in any College disciplinary proceeding that arises from allegations of dating violence, domestic violence, sexual assault or stalking. Both the complainant and the respondent will be

simultaneously informed, in writing: a) of the outcome of any College disciplinary proceeding that arises from an allegation of Prohibited Conduct; b) of the College's procedures for the complainant and respondent to appeal the results of the College disciplinary proceeding; c) of any change to the results that occurs prior to the time that such results become final; and d) when such results become final.

Precise details regarding the types of disciplinary procedures used by the College are stated in the [policy and procedure documents posted on the College's Title IX website](#). The following summary of steps, anticipated timelines, and decision-making processes for each type of disciplinary proceeding and explanation of how the College determines which type of proceeding to use based on the circumstances of an allegation of dating violence, domestic violence, sexual assault and stalking is intended to comply with Clery Act requirements that such a summary be provided in the College's Annual Security Report, but interested community members should consult the policy and procedure documents posted on the Title IX website and incorporated by reference herein for the precise details of such procedures.

### **Procedures for Matters Involving Conduct that Allegedly Occurred Between August 14, 2020 and July 31, 2024 2020 Policy Procedures**

Matters involving dating violence, domestic violence, sexual assault and stalking that allegedly occurred between August 14, 2020 and July 31, 2024 will be handled under the procedures detailed in the College's [2020 Sexual and Interpersonal Violence Policy](#).

Under the 2020 policy, after the College's receipt of a complaint of such conduct involving students and/or employees that is covered by Title IX, the College will begin an initial assessment process to determine whether the complaint should be handled under the policy that typically takes 5 business days, followed by a determination whether a formal or informal resolution process will be used, followed by notice to the parties of the allegations that will be investigated, followed by an investigation that typically takes 90 days, and which results in an investigation report and compilation of evidence that is shared with the parties. The next step is a decision-making process that entails a live hearing before a hearing panel. The hearing panel will issue a written determination regarding responsibility that will utilize the preponderance of the evidence standard, typically within 14 days after the hearing. The decision-making process typically concludes within 75 days of when the investigation report and compilation of evidence is provided to the hearing panel. An informal resolution process is also available if deemed appropriate by the College and agreed to by the parties.

Under the 2020 policy, after the College's receipt of a complaint of such conduct involving students and/or employees that is not covered by Title IX (because while it alleges conduct prohibited by the policy, the conduct allegedly did not occur within the scope of the College's education program or activity in the United States), i.e., "Non-Title IX Prohibited Conduct," the first step involves the Title IX Coordinator's conducting an initial investigation to determine whether good cause exists to proceed to a resolution process. This step typically takes no more than 30 days. If the Title IX Coordinator determines that good cause to proceed does not exist, the complainant may appeal that determination to the President, who can affirm or reverse that determination, typically within 5 days of receiving the appeal petition. If the matter proceeds to a resolution process, the next step involves a formal appeal panel review hearing conducted by an appeal panel, at which parties may submit questions to be asked by the panel at the panel's discretion. The formal appeal panel will use the preponderance of the evidence standard to make a decision regarding responsibility, which will be communicated to the parties. Decisions made by the formal appeal panel are final pending the right to request an appeal based on new evidence or violation of due process. An informal resolution process is also available in such cases if deemed appropriate by the College and agreed to by the parties.

All timeframes referenced above are subject to extension for good cause unless an extension of time is necessary in order to conduct a thorough and accurate investigation. If an extension of time is required, the Title IX Coordinator will provide written notification of the revised date for completing the investigation concurrently to both parties.

Complaints may be made to the Title IX Coordinator, the Deputy Title IX Coordinator and/or other College officials through the reporting procedures detailed above.

The College determines whether to use the 2020 Title IX or Non-Title IX procedures based on whether the alleged dating violence, domestic violence, sexual assault or stalking allegedly occurred within or outside of an education program or activity of the College within the United States, as explained above, and, with respect to the informal resolution processes, whether an informal resolution process is deemed appropriate by the College and agreed to by the parties.

#### **2024 Policy Procedures**

Matters involving dating violence, domestic violence, sexual assault and stalking that allegedly occurred on or after August 1, 2024 will be handled under the procedures detailed in the College's [2024 Sexual and Interpersonal Violence Policy](#).

Under the 2024 Policy procedures, after the College's receipt of a complaint of alleged dating violence, domestic violence, sexual assault and stalking that involves a student as a party, the College will within 5 business days begin an initial assessment process to determine whether the complaint falls within the scope of the policy or should instead be dismissed, which process will typically be completed within 10 business days. If a matter will proceed through a formal resolution process, the parties are given notice of the allegations that will be investigated. Next, an investigation will be conducted, which will typically be completed within 45 business days. An investigation report and compilation of evidence will be provided to the parties as a result of the investigation. Next, a hearing panel will conduct a live hearing at which hearing panel will pose questions developed by the panel and requested by the parties (to the extent deemed appropriate by the panel). The hearing panel will make a decision regarding responsibility and issue a written determination to the parties, typically within 10 business days of the hearing. The parties may appeal the hearing panel's determination. Appeals will typically be decided within 15 business days.

Under the 2024 Policy procedures, after the College's receipt of a complaint of alleged dating violence, domestic violence, sexual assault and stalking that does not involve a student as a party, the College will follow the same steps described immediately above through the investigation stage, but will not conduct a live hearing. Instead, the Title IX Coordinator will provide to a decisionmaker: a final investigation report and compilation of evidence and the parties' written responses thereto, if any. The decisionmaker will determine based on those materials whether the decisionmaker needs to question a party or witnesses in order to adequately assess their credibility to the extent credibility is both in dispute and relevant to evaluating the allegations of dating violence, domestic violence, dating violence or stalking, or whether those issues are addressed sufficiently in the investigator's report. If the decisionmaker decides to question a party or witness, they will do so through an interview with the party or witness. Following their evaluation of all relevant and not otherwise impermissible evidence and any written submissions from the parties, the decisionmaker will use the preponderance of the evidence standard to determine whether dating violence, domestic violence, sexual assault occurred. The decisionmaker or Title IX Coordinator will notify the parties in writing of the determination. The College endeavors to complete the determination process in such matters within 75 business days from the date when the final investigative report and evidence compilation and any party written responses were provided to the decisionmaker, unless that timeframe is extended for good cause as discussed below. The decisionmaker's decision may be appealed. Appeals will typically be decided within 15 business days.

The College has also established the following process that allows for the reasonable extension of timeframes on a case-by-case basis for good cause with written notice of any extension to the parties that includes the reason for the delay: A party who wishes to request an extension of any deadline established by this process, the Title IX Coordinator, the investigator, or anyone else responsible for implementing these procedures should make that request via email to the person who established the deadline; that person will inform the requesting party promptly regarding whether the requested extension will be granted (as requested or in modified form) or denied; if the extension is granted in whole or in part, that person will inform the other party of the extension, and extend a similar amount of time for the other party's compliance with any similar deadline, as applicable. The College may also extend timeframes for major stages of the procedures at its own discretion as necessary, and if it does so it will inform the parties of that and summarize the reason for the extension.

An informal resolution process is also available under the 2024 Policy procedures, where deemed appropriate by the College and agreed to by the parties.

Complaints may be made to the Title IX Coordinator, the Deputy Title IX Coordinator and/or other College officials through the reporting procedures detailed above.

The College determines which of the formal resolution procedures described above to use based on whether the alleged dating violence, domestic violence, sexual assault or stalking allegedly did or did not involve a student as a party, as described above, and, with respect to the informal resolution processes, whether an informal resolution process is deemed appropriate by the College and agreed to by the parties.

### **Description of Range of Protective/Supportive Measures That May Be Offered**

It is not necessary to file a complaint, participate in an adjudication process, or file a criminal complaint in order to request protective or supportive measures (“supportive measures”) from the College. Supportive measures are defined for purposes of this policy as individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:

- Restore or preserve that party’s access to the College’s education program or activity, including measures that are designed to protect the safety of the parties or the College’s educational environment; or
- Provide support during the College’s investigative resolution process or informal resolution process.

Upon receipt of a report of dating violence, domestic violence, sexual assault or stalking, the College will consult initially with the complainant and provide reasonably available and appropriate supportive measures. If applicable and at the appropriate time, the College will also consult with the respondent regarding supportive measures. The College may, as appropriate, modify or terminate supportive measures at the conclusion of any investigative resolution or informal resolution process, or may continue them in the same or modified form beyond that point. While some supportive measures may only be applicable and appropriate during a resolution process, supportive measures may be provided at any time, regardless of whether a resolution process has been initiated or completed.

Supportive measures may include but are not limited to:

- counseling;
- extensions of deadlines and other course-related adjustments;
- letters instructing the parties not to contact each other (i.e., “no contact orders”);
- training and education programs related to Prohibited Conduct;
- academic accommodations, such as access to tutoring, rescheduling of exams or assignments, and/or the ability to drop a course without penalty;
- modifications of work schedules, change in work locations, changing working arrangements, or providing other employment accommodations as appropriate;
- residential accommodations, including but not limited to arranging for new housing, or providing temporary housing options, as appropriate;
- leaves of absence;
- increased security and monitoring of certain areas of the campus;
- assistance setting up initial appointments for counseling and/or medical services;
- providing an escort and other safety planning steps;
- assistance in evaluating implications for financial aid, immigration or visa status;
- referral to resources that can assist in obtaining a civil order of protection;
- other changes in class, work, housing or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative;
- changes to another party’s schedule, housing, academic arrangements and/or participation in College education programs or activities that do not unreasonably burden that party; and/or
- other measures tailored to the involved parties.

Students and employees seeking supportive measures should direct their request to the Title IX Coordinator or designee, who will refer the individual to other resources as appropriate. The request will be evaluated and responded to by the Title IX Coordinator. Factors to be considered in determining reasonable services or accommodations may include but are not limited to the following:

- the specific need expressed by the complainant or respondent;
- the severity and/or pervasiveness of the allegations;

- any continuing effects on the complainant;
- whether the complainant and the respondent share the same residence hall, dining hall, class, extracurricular activities, transportation or job location;
- whether requested Supportive Measures would unreasonably burden a party; and
- whether outside judicial measures have been taken to protect the complainant.

The College will maintain as confidential any supportive measures provided to complainants and/or respondents, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the supportive measures. As such, the College may need to disclose some information about the individual to a third party to provide the necessary supportive measures in a timely manner. The Title IX Coordinator or designee is/are typically responsible for determining what information should be disclosed and to whom it should be disclosed. The decision to disclose information will be made after careful consideration of possible alternatives to disclosure and/or limiting the information provided to the third party as much as possible without compromising the College's ability to provide the Supportive Measures. The College will work in good faith to implement the requirements of judicially-issued protective orders and similar orders, to the extent that doing so is within its authority.

Requests for supportive measures may be made by either party to the Title IX Coordinator. The Title IX Coordinator is responsible for ensuring the implementation of supportive measures and coordinating the College's response with the appropriate offices on campus.

The Title IX Coordinator has the discretion to provide, deny, modify, or terminate any supportive measure based on all available information and is available to meet with a complainant or respondent to address any concerns about the provision of supportive measures. In matters that are being handled under the College's [2024 Sexual and Interpersonal Misconduct Policy](#), the College will provide a complainant or respondent with a timely opportunity to initiate a supportive measure review process, through which a party may seek, from an impartial College employee or designee, modification or reversal of the Title IX Coordinator's decision to provide, deny, modify, or terminate supportive measures applicable to them. The question for consideration in such reviews will be whether the supportive measure under review is consistent or inconsistent with the definition of supportive measure stated above. Reviewing officials will have the authority to modify or reverse decisions related to supportive measures, if they conclude that the decision under review is inconsistent with the definition of supportive measure stated above. Parties may also seek additional modification or termination of a supportive measure applicable to them if circumstances change materially.

The College will promptly address any violation of supportive measures. All individuals are encouraged to report concerns about the failure of another individual to abide by any restrictions imposed by a supportive measure. The College will take prompt and responsive action to enforce supportive measures, which may include additional supportive measures and/or disciplinary penalties under student or employment disciplinary policies, as applicable.

### **List of Possible Sanctions**

The College's list of possible sanctions when a student respondent is found responsible for dating violence, domestic violence, sexual assault or stalking is as follows:

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to publish an annual security and campus safety report containing campus security and campus safety policies and procedures, as well as crime statistics. The report provides information to the campus community about crime reporting procedures, various policies, crime prevention programs, and campus crime statistics. By October 1st of each year, this report is made available to all current students and employees and upon request to any applicant for enrollment or employment.

The Clery Act was enacted in 1990, and amended in 1992, 1998, 2000, and 2008. In 2013, the Violence Against Women Reauthorization Act (VAWA) amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. All statistics in this Annual Security Report are presented and updated in compliance with all amendments to the act, under the supervision of the Dean of Students in collaboration with Student Services, Bryan Medical Center Safety Officer and Bryan Medical Center Security

The Dean of Students sends an email to every enrolled student and current employee on an annual basis informing them of the availability of the Annual Security and Campus Safety Report prior to October 1st. The email and letter include a brief summary of the contents of this report. The email also include the web address where the Annual Security and Campus Safety Report can be found online, and notification that a physical copy may be obtained by making a request to Dean of Students Office by calling (402) 481-3904 or in person at the Dean of Students Office. Prospective students can access the Annual Security and Campus Safety Report through a link when applying for admissions to Bryan College of Health Sciences.

Bryan College of Health Sciences is concerned about the safety and welfare of the entire Bryan College community and its guests. The College has developed a number of procedures, polices, and programs to help promote a safe and secure learning and working environment.

The Clery Act requires that an institution that maintains more than one campus must comply with the Clery Act requirements by completing a separate annual security report (ASR) for each campus. This separate publication can be included with the primary campus's ASR and must clearly differentiate each campus's policies and statistics.

Bryan College of Health Sciences- West campus does not have student housing facilities or non-campus properties. Therefore, the College is not required to comply with certain Clery Act regulations for campuses with student housing, with respect to the West campus.

Employees and students at the Bryan College of Health Sciences East campus, Hastings College, and Mary-Lanning campus, are subject to the same policies and procedures covered in the Bryan College of Health Sciences East Campus Annual Security Report above (which is incorporated by reference), except to the extent provided in this Bryan College of Health Sciences West Campus Annual Security Report. Any differences in policies and laws specifically directed toward Bryan West campus, students and staff will be included in this Bryan College of Health Sciences West Campus Annual Security Report.

### **Daily Crime Log**

Campus Security makes the Daily Crime log open to public inspection during normal business hours (typically Monday – Friday from 8:00 a.m.-4:30 p.m., except holidays) by request to the Dean of Students. The information in the crime log typically includes the B-Safe incident number, crime classification, date of reported occurrence, general location of crime, and disposition of each reported crime (if available).

Unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim, newly reported crimes/incidents within the college’s Clery geography and updated information regarding previously reported

crimes are entered onto the Daily Crime log within two business days of when they are reported to Campus Security. It is important to note that Campus Security has no expanded patrol jurisdiction outside of its identified Clery Geography.

### **Clery Act Reporting**

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Manslaughter by Negligence, Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons Law violations, the statistics indicate the number of people arrested by law enforcement or referred to the Office of Student Rights and Responsibilities or Human Resources for possible disciplinary action for violations of those specific laws.

Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of their bias against the victim because of the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act Purposes, Hate Crimes include any of the following offenses that are motivated by the offender's bias: Murder and Non-negligent Manslaughter, Sex Offenses (rape, fondling, incest and statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property.

NOTE: The College made a reasonable and good faith effort to request and retrieve statistics from all local law enforcement agencies with jurisdiction over the College’s identified Clery geography. Reportable Clery crime data received from agencies who responded to these requests are included in the Table Two crime statistics noted above. Not all of these agencies responded to these requests for crime statistics.

**Unfounded Crimes**

If a Clery Act crime is reported as occurring in any of the College’s Clery Act geographic categories and the reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is considered to be "unfounded." Only sworn or commissioned law enforcement personnel may unfound a crime after a thorough investigative process.

**Emergency Response and Evacuation Procedures**

The emergency response and evacuation procedures and Clery Act disclosure requirements regarding those procedures are the same for both the Lincoln East and Lincoln West Campus Locations. Please refer to the following links for Emergency/Evacuation Alerts:

- [Tornado Alerts](#).- DOP.EHS192
- [Active Shooter](#) – DOP.EHS111
- [Violent Intruder](#) (Weapon Involved-Not a Firearm) – DOP.EHS105
- [Bomb Threat](#)- DOP.EHS113
- [Fire Emergency](#) – DOP.EHS253

The College’s emergency response and evacuation procedures are tested on at least an annual basis. Tests may be announced or unannounced. The tests are scheduled, contain drills, contain exercises, contain follow through activities, and are designed for assessment and evaluation of emergency plans and capabilities.

The College publicizes its emergency response and evacuation procedures in conjunction with at least one test per calendar year. Each test is documented, including a description of the exercise, the date, the time, and whether it was announced or unannounced.

### Emergency Response

In consult with Bryan Medical Center, the College Safety is responsible for developing emergency response and continuity of operations plans for their areas and staff. The College Safety Committee provides resources and guidance for the development of these plans. Emergencies occurring on campus should be reported to Campus Security by dialing:

- (402) 481-8488 (East Campus) or on-campus extension 1-8488,
- (402)-481-5802 (West Campus) or on-campus extension 1-5802,
- or by dialing 911 for outside emergency responders.

In conjunction with other emergency agencies, the college conducts emergency response drills and exercises each year, such as fire, tornado, and active shooter drills and exercises, along with tests of the emergency notification systems on campus. The College will test its emergency response and evacuation procedures on at least an annual basis. These tests, which may be announced or unannounced are designed to assess and evaluate the emergency plans and capabilities of the institution. After action reviews will be conducted following each test and/or exercise that documents the test/exercise, provides a description for each test/exercise, the date, time, whether the test was announced or unannounced. And an assessment of the lessons learned from the exercise.

### Emergency Evacuation Procedures

The purpose of evacuation drills is to prepare Bryan College students, faculty, and staff for an organized evacuation in case of a fire or other emergency. At Bryan College of Health Sciences, evacuation drills are used as a way to educate and train campus community safety measures. Safety measure education and training deliverables are held once a semester during Fall and Spring terms at Bryan College of Health Sciences.

### General Evacuation Procedures

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify campus security or on-campus extension or by dialing 911 for outside emergency responders.

- Remain Calm
- Do NOT use Elevators; Use the Stairs.
- Assist the physically impaired. If they are unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform Campus Security or the responding Fire Department of the individual’s location.
- Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
- Make sure all personnel are out of the building.

- Do not re-enter the building until advised to do so by emergency response personnel.

### **Shelter-in-place Procedures-What It Means to “Shelter-in-Place”**

College authorities may instruct campus community members to “shelter-in-place” if a condition exists that is potentially life threatening and poses an immediate threat to the health and personal safety of the campus community. Immediate threats would include, but are not limited to: active shooter incidents, mass acts of violence, tornadoes, terror attacks, or hazardous materials incidents. Thus, to “shelter-in-place” means to make a shelter of the building that you are in; with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside. Community members should remain in a shelter-in-place status until the all-clear is communicated by emergency response personnel via an emergency rapid communications system(s).

### **Basic “Shelter-in-Place” Guidance**

In an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your essential personal belongings (purse, wallet, ID Badge, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest safe location. If police or fire department personnel are on the scene, follow their directions.

### **How You Will Know to “Shelter-in-Place”**

A shelter-in-place notification may come from several sources, such as campus security, a text on your phone, other college employees, local law enforcement or outside emergency services, or other authorities utilizing the College’s emergency communication tools.

### **How to “Shelter-in-Place”**

No matter where you are, the basics steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency response personnel.

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  - An interior room;
  - The lower in the building the better; and
  - Without windows or with the least amount of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- Turn off air conditioners, heaters, and fans.
- Make a list of the people with you and ask someone (faculty or staff) to call the list in to Campus Security so they know where you are sheltering. If only students are present, one of the students should call in the list.
- Turn on a radio or TV and listen for further instructions, unless the nature of the emergency requires silence (e.g., active shooter or mass violence incident; the more specific suggestions above should be followed in such an incident).
- Make yourself comfortable.

### **Off-Campus Emergencies**

Bryan Medical Center Security Department works closely with Lincoln Police Department, including notification of incidents that could imminently impact the safety of Bryan College of Health Sciences. When appropriate, LPD notifies Bryan Medical Center Security Department of off-campus emergencies where the potential of a threat arises that would disrupt the health and safety of students or employees.

### **Emergency/Immediate Notification**

With the assistance of Bryan Medical Center Security Department, and in the event of an emergency or dangerous situation involving an imminent threat to the health or safety of students or employees occurring on campus, members of the Executive Committee of the College or designees will confirm that there is a significant emergency or dangerous situation. Such Executive Committee members will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless issuing a notification will, in their professional judgment, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In consultation with Bryan Medical Center Security Department, members of the Executive Committee will determine the appropriate

segment or segments of the campus community to receive a notification; determine the content of the notification; and utilize the College’s mass notification (mobile app alert/or public address) systems to initiate the system and notify the campus community, as appropriate. If necessary, members of the Executive Committee will disseminate information about an on-campus emergency situation to the larger community by contacting local first responder authorities.

### **Facilitated Anonymous Reporting Through Professional Counselors Privileged and Confidential Communication**

#### **\*Professional Counselors**

Professional, licensed counselors who provide mental-health counseling to members of the College community are not required to report any information about the incident to the Title IX Coordinator without a client's permission. There are currently no procedures to encourage professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

#### **\*Non-professional Counselors and Advocates**

Individuals who work in the on-campus Professional Development Services and Health and Wellness Services, and Bryan Medical Center, Employee Health can generally talk to a client without revealing any personally identifying information about an incident to the College. A client can seek assistance and support from these individuals without triggering a College investigation that could reveal the client's identity or that the client has disclosed the incident.

While maintaining a client's confidentiality, these individuals or their office should report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report, which includes no information that would directly or indirectly identify the client, helps keep the Title IX Coordinator informed of the general extent and nature of sexual violence on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the client to ensure that no personally identifying details are shared with the Title IX Coordinator. These individuals or their office will also report the nature, date, time and general location of an incident (but not the identity of the client, unless necessary to promote safety) to the Security Department so that the report can be included in the College's crime statistics.

A client who speaks to a professional or non-professional counselor or advocate must understand that, if the client wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

### **Confidentiality**

The College is committed to fair and prompt procedures to investigate and adjudicate reports of sexual misconduct and to the education of the College community about the importance of responding to all forms of sexual misconduct. Special emphasis is placed on the rights, needs, and privacy of the student with a complaint, as well as the rights of the respondent while adhering to all federal, state, and local requirements for intervention and crime reporting related to sexual misconduct. The College strives to create an environment which encourages

students to come forward if they feel they have been the victim of sexual misconduct. While the College strives to protect the confidentiality of both complainant and respondent, complete confidentiality cannot be guaranteed. The College will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation, but its ability to do so may be limited based on the nature of the request. The College must balance the needs of the individual student with its obligation to protect the safety and well-being of the community at large. Therefore, depending on the seriousness of the alleged incident and individual circumstances, further action may be necessary including a timely warning and/or notification of local law enforcement. Personally identifying information about complainants will not, however, be released in timely warnings or included in publicly-available recordkeeping.

Victims may request that directory information on file with the College be withheld by request. This request can be made to the Registrar's Office in person or by calling (402) 481-8718. Regardless of whether a victim has opted out of allowing the College to share "directory information," personally identifiable information (PII) about the victim and other necessary parties will be treated as confidential and only shared with person who have a specific need to know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

### **Procedures for College Disciplinary Action in Cases of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking**

All College disciplinary proceedings involving alleged dating violence, domestic violence, sexual assault or stalking will include prompt, fair, and impartial processes from the initial investigation to the final result, and will be completed within a reasonably prompt timeframe as provided more specifically in the detailed procedures. Proceedings will be conducted in a manner that is consistent with College policy and transparent to the parties, timely notice of meetings will be provided to the parties, the parties will have equal access to any information that will be used during the meetings and other proceedings, and College officials involved will not have a conflict of interest or bias for or against any party. All proceedings will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct procedures that protect the safety of the victims and promote accountability. Training includes, but is not limited to, topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The complainant and respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. The College will not limit the choice of advisor or the advisor's presence for either party. The preponderance of the evidence standard of proof (which means "more likely than not") will be used in any College disciplinary proceeding that arises from allegations of dating violence, domestic violence, sexual assault or stalking. Both the complainant and the respondent will be simultaneously informed, in writing: a) of the outcome of any College disciplinary proceeding that arises from an allegation of Prohibited Conduct; b) of the College's procedures for the complainant and respondent to appeal the results of the College disciplinary proceeding; c) of any change to the results that occurs prior to the time that such results become final; and d) when such results become final.

### **Annual Fire Safety Report**

An institution that maintains any on-campus student housing facilities is required to publish an Annual Fire Safety Report disclosing fire safety policies and procedures as well as statistics about fires occurring in those facilities. Bryan East, West, and Mary Lanning Campus Locations do not maintain student housing; therefore, no Annual Fire Safety Report is included in this Bryan College of Health Sciences West Campus Annual Security Report.

## 2024 Annual Security Report Introduction

Bryan College of Health Sciences is a college community of approximately 750 students and approximately 75 regularly employed faculty and staff, located in Lincoln, Nebraska. The population of Lincoln is approximately 290,000. The Bryan College of Health Sciences is a commuter campus located on the Bryan East Campus. The College also utilizes space at Bryan West Campus, located three miles west of the College. As part of this larger community the College shares many of the same interests and problems, including concerns about crime. Bryan College of Health Sciences fortunately has not experienced significant numbers of crimes on any of its campus locations.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to publish an annual security and campus safety report containing campus security and campus safety policies and procedures, as well as crime statistics. The report provides information to the campus community about crime reporting procedures, various policies, crime prevention programs, and campus crime statistics. By October 1st of each year, this report is made available to all current students and employees and upon request to any applicant for enrollment or employment.

The Clery Act was enacted in 1990, and amended in 1992, 1998, 2000, and 2008. In 2013, the Violence Against Women Reauthorization Act (VAWA) amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. All statistics in this Annual Security Report are presented and updated in compliance with all amendments to the act, under the supervision of the Dean of Students in collaboration with Student Services, Bryan Medical Center Safety Officer and Bryan Medical Center Security

The Dean of Students sends an email to every enrolled student and current employee on an annual basis informing them of the availability of the Annual Security and Campus Safety Report prior to October 1st. The email and letter include a brief summary of the contents of this report. The email also include the web address where the Annual Security and Campus Safety Report can be found online, and notification that a physical copy may be obtained by making a request to the Dean of Students Office by calling (402) 481-3904 or in person at the Dean of Students Office. Prospective students can access the Annual Security and Campus Safety Report through a link when applying for admissions to Bryan College of Health Sciences.

Bryan College of Health Sciences is concerned about the safety and welfare of the entire Bryan College community and its guests. The College has developed a number of procedures, polices, and programs to help promote a safe and secure learning and working environment.

## **Bryan College of Health Sciences-Mary Lanning Campus Location**

The Clery Act requires that any institution, maintaining more than one campus, must comply with the Clery Act requirements by completing a separate ASR for each campus. All policy statements in this ASR apply to all campuses unless otherwise noted.

Bryan College of Health Sciences- Mary Lanning Campus Location does not have student housing facilities or non-campus properties. Therefore, the College is not required to comply with certain Clery Act regulations for campuses with student housing.

Employees and students at the Bryan College of Health Sciences East campus, Hastings College, and Mary-Lanning campus, are subject to the same policies and procedures covered in this report. The following safety tips are provided to help reduce the potential for crime:

- Always keep your car, house, apartment, or room locked. Keeping doors open for even short periods of time could affect your personal safety or result in theft or vandalism of your belongings.
- Keep valuables out of sight. If in your house/room, lock them in a safe place. If in car, lock them in your trunk.
- Do not leave purses, books, or backpacks unattended in classrooms, lounges, or in the library. Lockers are available at the College for student use.
- Do not walk, run, or jog alone. This is especially important at night and early in the morning when it is dark and there are few people around.
- Use sidewalks whenever possible and stay in well-traveled and well lighted areas.
- Walk with a purpose. This will show you are confident and are not likely to be an easy victim.
- Let someone know where you are and when you plan to return. If you are missed, someone can look for you.

## Campus Timely Warning Notices

The Executive Committee of the College in conjunction with Bryan Medical Center Security using their professional judgment will issue a timely warning for any serious incident when it represents a serious or continuing threat to students and employees and enough information is known about the crime to determine what information to release. The primary method of warnings will be through the College email system. The College may also issue timely warnings through posting of flyers around campus, in-class announcements, Bryan College mobile app, public address system, or other appropriate means.

Warnings will generally include the nature of the threat, source of the information, and suggested precautions to be taken. The College would not immediately issue a notification for a serious incident if doing so will compromise efforts to assist a victim, contain the emergency, respond to the emergency or otherwise mitigate the emergency. An example of not compromising efforts to mitigate the emergency might be agreeing to a request of local law enforcement. Whether or not to issue a timely warning will be decided on a case by case basis in light of all the factors surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts.

### Preparation of Annual Disclosure of Crime Statistics and Clery Compliance

#### Classifying Crime Statistics

The statistics in this brochure are published in accordance with the definitions and many of the standards and guidelines used by the FBI Uniform Crime Reporting (UCR) Handbook, relevant Federal law (the Clery Act), and applicable State law.

#### Clery Act Reporting

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Manslaughter by Negligence, Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons Law violations, the statistics indicate the number of people arrested by law enforcement or referred to the Office of Student Rights and Responsibilities or Human Resources for possible disciplinary action for violations of those specific laws.

Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of their bias against the victim’s race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act Purposes, Hate Crimes include any of the following offenses that are motivated by the offender’s bias: Murder and Non-negligent Manslaughter, Sexual Offenses (rape, fondling, incest and statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/ Vandalism of Property.

Campus SaVE was signed into law on March 7, 2013, as part of the reauthorization of the Violence Against Women Act (VAWA); it covers students and staff of institutions of higher education and amends the Jeanne Clery Act to include new reporting requirements for Domestic Violence, Dating Violence, and Stalking and additional policy statements and training requirements.

### Facilitated Anonymous Reporting Through Professional Counselors Privileged and Confidential Communication

#### \*Professional Counselors

Professional, licensed counselors who provide mental-health counseling to members of the College community are not required to report any information about the incident to the Title IX Coordinator without a client's permission. There are currently no procedures to encourage professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

#### \*Non-professional Counselors and Advocates

Individuals who work in the BCHS Mental Health Practitioner, EnCourage Advocacy Center, Health and Wellness Services, and Bryan Medical Center, Employee Health can generally talk to a client without revealing any personally identifying information about an incident to the College. A client can seek assistance and support from these individuals without triggering a college investigation that could reveal the client's identity or that the client has disclosed the incident.

While maintaining a client's confidentiality, these individuals or their office should report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report, which includes no information that would directly or indirectly identify the client, helps keep the Title IX Coordinator informed of the general extent and nature of sexual violence on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the client to ensure that no personally identifying details are shared with the Title IX Coordinator. These individuals or their office will also report the nature, date, time, and general location of an incident (but not the identity of the client, unless necessary to promote safety) to the Security Department so that the report can be included in the College's crime statistics.

A client who speaks to a professional or non-professional counselor or advocate must understand that, if the client wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

These counselors and advocates will assist the client in receiving necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health, or mental health services, and changes to working or course schedules. A client who at first requests confidentiality may later decide to file a complaint with the College or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the client with assistance if the client wishes to do so.

#### Anonymous Online Reporting

The College will attempt to respond to reports of Prohibited Conduct brought anonymously or brought by third parties not directly involved in the reported conduct, to the greatest extent practical. However, the response to such reports may be limited if information presented in the report cannot be verified by independent facts. The Anonymous Online Reporting form [may be found here](#).

### **Accommodations and Protective measures available for Victims**

Bryan College of Health Sciences takes strong responsive action to protect the safety of an individual. The Title IX coordinator is responsible in gathering sensitive information dealing with sexual misconduct. In every report of sexual misconduct, the Title IX Coordinator will conduct a Title IX inquiry. At the conclusion of the Title IX inquiry, in consideration of the Complainant's wishes and the safety of the campus community, the report may be referred for supportive measures and/or a Title IX Complaint may be filed. Supportive measures address a Complainant's safety and well-being and continued access to educational and employment opportunities. Protective measures involve action against a respondent.

### **Protective and No Contact Orders**

The College will inform individuals who report that they have experienced dating violence, domestic violence, sexual assault or stalking of their right to report a crime to local law enforcement and/or seek orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the College, and will provide assistance if the individual wishes to do so. The College will also work with complainants and others as appropriate to respect and implement the requirements of criminal and civil court orders on premises that it owns or controls, as necessary and appropriate.

### **Confidentiality**

The College is committed to fair and prompt procedures to investigate and adjudicate reports of sexual misconduct and to the education of the College community about the importance of responding to all forms of sexual misconduct. Special emphasis is placed on the rights, needs, and privacy of the student with a complaint, as well as the rights of the respondent while adhering to all federal, state, and local requirements for intervention and crime reporting related to sexual misconduct. The College strives to create an environment which encourages students to come forward if they feel they have been the victim of sexual misconduct. While the College strives to protect the confidentiality of both complainant and respondent, complete confidentiality cannot be guaranteed. The College will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation, but its ability to do so may be limited based on the nature of the request. The College must balance the needs of the individual student with its obligation to protect the safety and well-being of the community at large. Therefore, depending on the seriousness of the alleged incident and individual circumstances, further action may be necessary including a timely warning and/or notification of local law enforcement. Personally identifying information about complainants will not, however, be released in timely warnings or included in publicly-available recordkeeping.

Victims may request that directory information on file with the College be withheld by request. This request can be made to the Registrar's Office in person or by calling (402) 481-8718. Regardless of whether a victim has opted out of allowing the College to share "directory information," personally identifiable information (PII) about the victim and other necessary parties will be treated as confidential and only shared with person who have a specific need to know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

# ANNUAL SECURITY REPORT 2024-2025 Academic Year 2022-2023 Crime Statistics

## **Bryan College of Health Sciences-Hastings College Campus Location**

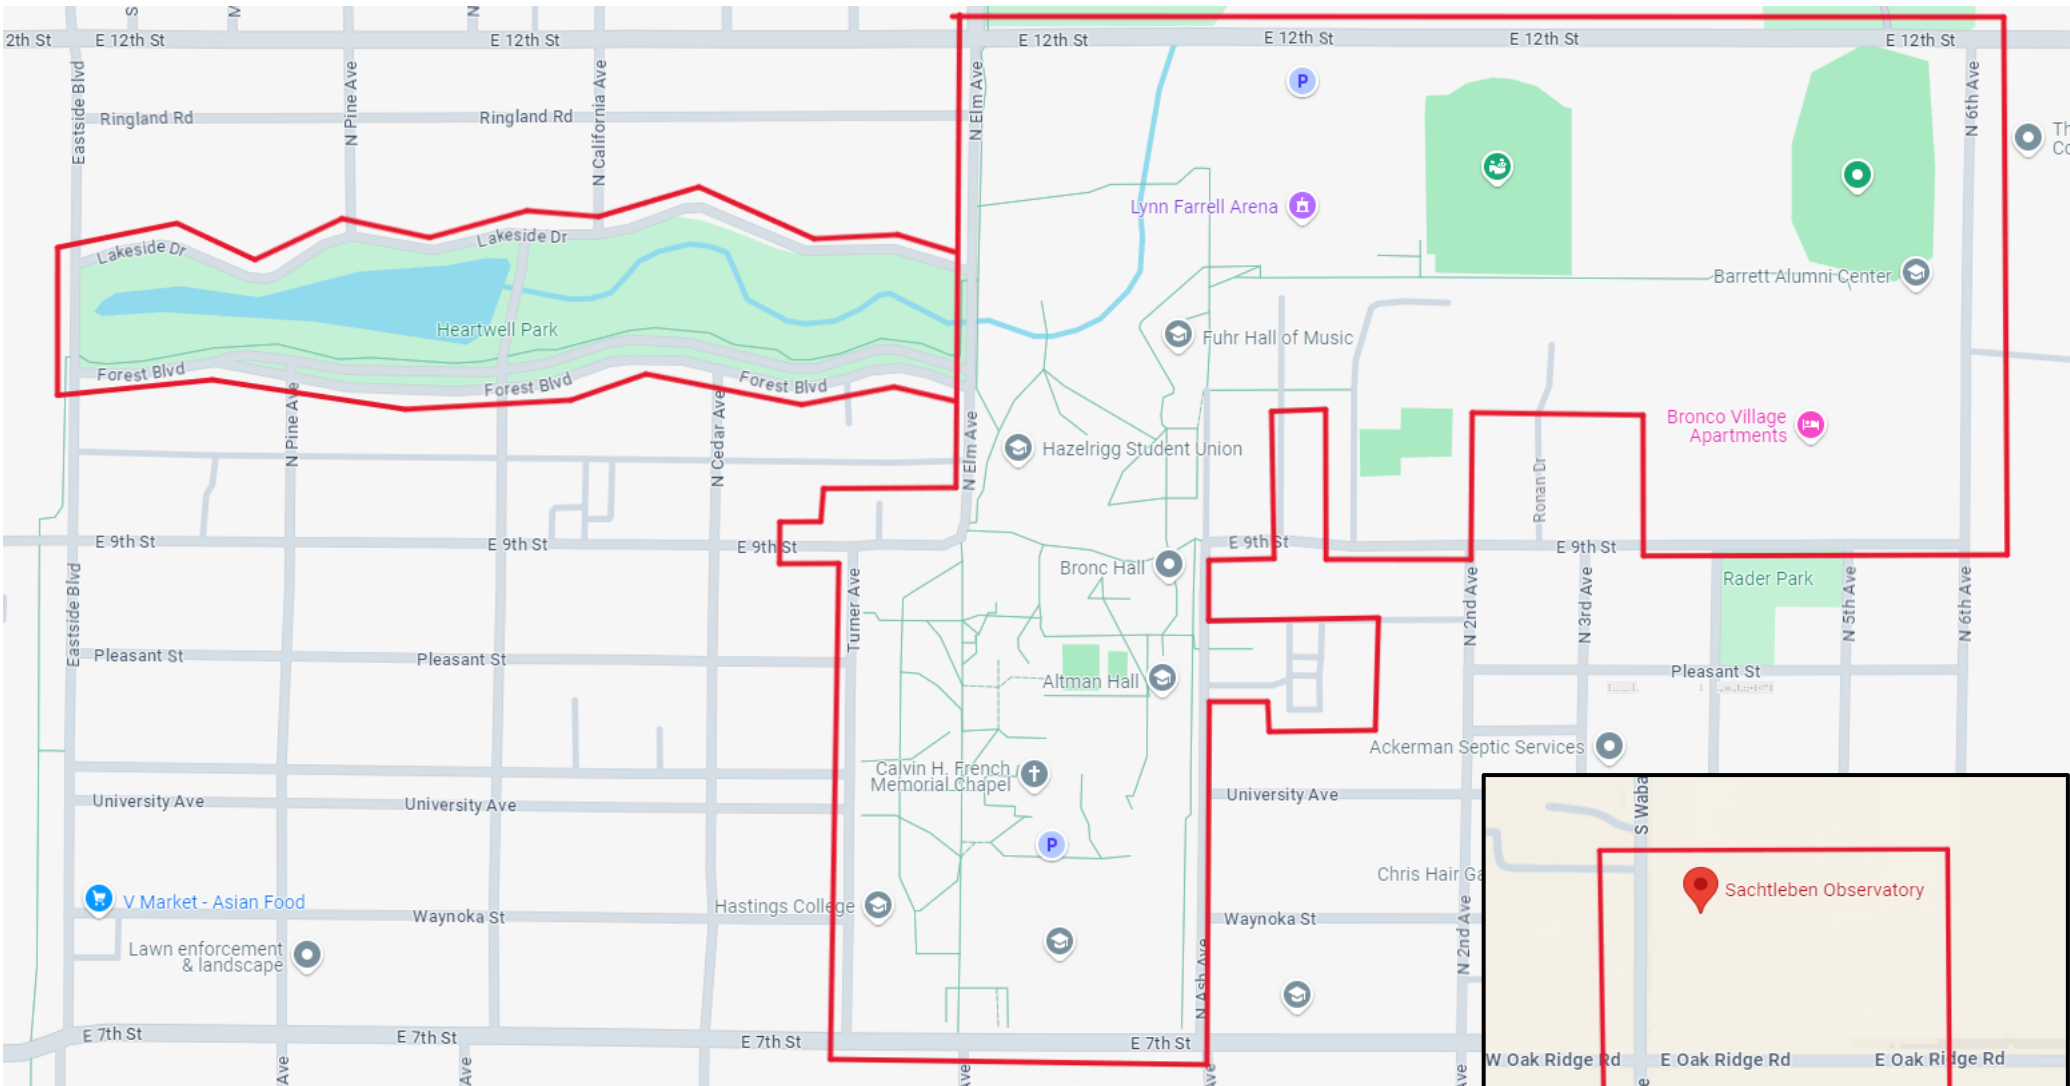

The Clery Act requires that any institution, maintaining more than one campus, must comply with the Clery Act requirements by completing a separate ASR for each campus. The separate publication can be included with the primary campus's ASR and must clearly differentiate each campus's policies and statistics. All policy statements in this ASR apply to all campuses unless otherwise noted.

In August 2021, Bryan College of Health Sciences entered a partnership agreement with Hastings College in Hastings, Nebraska. The Clery Act defines Non-Campus as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Hastings College is 110 miles west of Bryan College's Lincoln location.

### **Campus Geography:**

Hastings College is comprised of a campus located in Hastings, Nebraska. The College has identified as Clery geography all areas that are public property adjacent to campus, off campus, and the campus itself. Those defined geographical areas are used to acquire data of crimes to Campus Safety and/or law enforcement, and the information is included in the annual security report. See full map of campus geography on page 105.

In an effort to provide timely warning to the College community in the event of a crime which may pose a serious and ongoing threat to members of the College community, a timely warning notice is distributed to all students and employees via a blast email and RAVE emergency notification system if determined necessary by the Director of Operations, or their designee.

#### Timely Warning Obligations regarding Clery Act Crimes:

If the College determines that the alleged responding party(s) poses a serious and immediate threat to the College community, the Office of Student Engagement or a College administrator will issue a timely warning to the community which is to include information representative of a serious or continuing threat to students or employees. Any such warning will not include any information that identifies the reporting party's name and other identifying information while providing enough information for community members to make safety decisions in light of the potential danger.

#### Campus Emergency notification system (RAVE):

of an emergency or serious weather condition without delay. Therefore, if you have a change of cell phone number or provider, please contact the Office of Campus Safety (402) 984-8064 to update your information in the college's records. **Emergency Notification and Evacuation**

**Adams County emergency notification system:** It is recommended that all those on campus subscribe to the AlertSense emergency notification system. The emergency notification services are free. AlertSense is available via the AlertSense app for Apple or Android located at ACEMA.ORG, or you can text your zip code (68901) to 37801.

**Campus Emergency notification system (RAVE):** All students, faculty and staff for whom the college has cell phone numbers are automatically enrolled in the college's emergency text notification system (RAVE). Emergency notifications are also sent to the Hastings College email addresses of faculty, staff and current students. These are the means by which the College notifies the College community of an emergency or serious weather condition without delay. Therefore, if you have a change of cell phone number or provider, please contact the Office of Student Engagement (402) 461-7305 to update your information the college's records.

**Reporting injuries:** All injuries occurring on campus or during an off-campus college-sponsored event should be reported as soon as possible to the Campus Nurse (402) 461-7372. Staff and students who do not report injuries are not able to receive support from Hasting College.

**Notice of tornado and storm related information:** The weather can change rapidly in Nebraska and the area is susceptible to tornadoes. Whenever the weather looks threatening, you are encouraged to monitor radio, television and internet broadcasts. The emergency management team in our area (Adams County Emergency Management) will sound the tornado sirens if: a)

there are winds of 70+ mph; b) a tornado is spotted or seen on radar, 7-10 miles away, or c)  $1\frac{3}{4}$ " hail or greater is expected. The sirens are only intended to warn those who are outdoors. Those who are indoors are asked to monitor weather broadcasts during threatening weather. Local residents are encouraged to watch KSNB-TV (the local NBC affiliate), since it is broadcast from Hastings. KHAS radio AM 1230 is an additional station that broadcasts local weather, as is the internet site for the National Weather Service ( [www.nws.noaa.gov](http://www.nws.noaa.gov) ). The National Weather Service has two categories to describe conditions related to tornadoes. Tornado Watch : weather conditions are such that a tornado could form. Weather broadcasts should be closely monitored. Tornado Warning: a tornado has been sighted and residents should take action to protect themselves.

**Tornado Warning: If indoors** - Go to the basement or to an inside hallway at the lowest level. Safe areas in Hastings College Buildings are listed below. Avoid places with wide-span roofs such as auditoriums, cafeterias, large hallways, or shopping malls. Get under a piece of sturdy furniture such as a workbench or heavy table or desk and hold on to it. Stay away from windows. Use your arms to protect your head and neck. If outdoors - If possible, get inside a building. If shelter is not available or there is no time to get indoors, lie in a ditch or low-lying area or crouch near a strong building. Be aware of the potential for flooding. Use arms to protect your head and neck. If in a car - Never try to out drive a tornado in a car or truck. Tornadoes can change direction quickly and can lift up a car or truck and toss it through the air. Get out of the car immediately and take shelter in a nearby building. If there is no time to get indoors, get out of the car and lie in a ditch or low-lying area away from the vehicle. Be aware of the potential for flooding.

#### **Missing Student Notification Procedures**

**Reporting missing on-campus students immediately:** If a member of the Hastings College community has reason to believe that a student who resides in on-campus housing is missing; a report should be made immediately to Campus Safety (402) 984-8064. Campus Safety will generate a missing person report and initiate an investigation. After investigating the missing person report, if Campus Safety determines that the student is missing and has been missing for 24 hours, Hastings College will notify the Hastings Police department and the student's emergency contacts no later than 24 hours after the student has been

determined to be missing. Each student residing in campus housing has the option of confidentially identifying a person(s) (close friend, etc.) who can be contacted if the student is reported missing. In the case of a missing student who resides in on-campus housing – and is also under 19 years of age and not emancipated – their custodial parent or guardian will also be notified that they are thought to be missing. ## **Drugs and Alcohol Policy and Procedure**

**Philosophy:** The College cares about its students and employees, their health, and well-being, and it encourages all individuals to care about each other. The College recognizes that there are many academic and social problems associated with the consumption of alcohol and illegal drugs, which have a negative impact on students, employees, and campus life in general. In recognition of the problems associated with the use of drugs and alcohol on college campuses, and in accordance with the Drug Free Schools and Communities Act of 1989, Hastings College has adopted the following policy regarding the possession and use of alcohol and illegal drugs on and off campus:

### **Standards of conduct for students and employees of Hastings College and their guests:**

1. Actual, attempted or promotion of the unlawful possession, use, or distribution of drugs and alcohol by students and employees on Hastings College property or as part of any Hastings College activity is prohibited.
2. All laws pertaining to alcohol and drug use must be observed at all times, including, but not limited to, legal drinking age, prohibitions against providing alcohol to minors, and restrictions against operation of a motor vehicle while under the influence of alcohol and/or drugs.
3. No illegal drugs or paraphernalia may be possessed or used on or off campus by any Hastings College employee, student or guest. The possession and/or use on or off campus of any illegal drug by a Hastings College employee, student or guest will subject the student or guest to disciplinary action, up to and including dismissal from the College.
4. No alcoholic beverages may be possessed or consumed on or off campus by any Hastings College employee, student, or guest under the age of 21.
5. Alcoholic beverages are allowed within the confines of individual Hastings College Bronco Village Apartments or campus houses only if all residents of that particular apartment are of legal drinking age. Alcoholic beverages may not be consumed in individual Hastings College Bronco Village Apartment or campus house if minors are present.
6. On rare occasions and by prior written approval of the Hastings College President, an event for alumni and/or community members being hosted on campus in an academic or administrative building can serve alcohol. Alcoholic beverages cannot be consumed by anyone under the age of 21 and must be served by an approved licensed vendor following all campus, state and federal laws.
7. No alcohol cans, bottles or paraphernalia are allowed in the College residence halls. No advertising for beer or other alcohol may be accepted in any campus publication or for display on campus.
8. In an effort to deter underage drinking on or off-campus, Hastings College expects these guidelines to be followed at events where alcohol will be served and where HC student may or may not be present:
  - a. No college funds, including campus organization treasury funds processed through the Hastings College Business Office may be used to purchase alcohol for any student event.
  - b. Each student event must ensure compliance with the laws of the State of Nebraska and the Hastings College Code of Conduct.
  - c. No posters, signs, or e-mail announcements promoting alcohol may be displayed on campus.
  - d. No tickets for any student events with alcohol may be sold on campus.

**Legal Sanctions:** Local, state and federal laws prohibit the unlawful possession or distribution of alcohol and illicit drugs. Violations of such laws are criminal offenses. Sanctions and penalties for such violations may range from probation to substantial monetary fines and/or imprisonment for substantial time periods if prosecuted in the criminal or civil courts. Additionally, convictions for possessing or selling illegal drugs may impact a student's eligibility for federal student aid.

### **College Disciplinary Sanctions:**

- a. Disciplinary sanctions for students violating alcohol and drug provisions of this policy or the Hastings College Student Code of Conduct will be imposed. These may include, but are not limited to, the following series of sanctions or combination thereof:
  - i. First Violation
    - Parental notification
  
    - Fine or service hours

- Mandatory completion of alcohol or drug education program
- ii. Second Violation
- Parental notification
  - Fine or service hours
  - Probation
  - Mandatory screening with certified drug and alcohol counselor
- iii. Third Violation and above
- Parental notification
  - Fine or service hours
  - Probation
  - Suspension from residency or the college

**b. Hastings College Good Samaritan Policy:** Student health and safety are primary concerns of the Hastings College community. Students are expected to contact Campus Safety, a member of the residence life staff, or other college official when they believe that medical assistance for an intoxicated/impaired student is required. In case of medical emergency or in the event that a college official cannot be reached, students should call 911 for assistance from local police, fire, or medical emergency professionals. When such assistance is sought for an intoxicated/ impaired student, the students and/or organizations seeking help, as well as the individual assisted and others involved, will not be subject to college disciplinary action with respect to the alcohol policy. (This policy does not preclude disciplinary action regarding other violations of college standards, such as causing or threatening physical harm, sexual abuse or violence, damage to property, harassment, hazing, etc. Students should also be aware that this college policy does not prevent action by state and local authorities.) In order for this policy to apply, the intoxicated student(s) must agree to timely (within 30-60 days) completion of recommended alcohol education activities, assessment, and/or treatment depending upon the level of concern for student health and safety. Serious or repeated incidents (more than one time) will prompt a higher degree of medical concern. Failure to complete recommended follow-up will result in sanctioning up to withdrawal from the college.

**c. State of Nebraska Good Samaritan Law (LB 439) :** provide limited protection for Nebraskans under the age of 21 who seek medical assistance related to alcohol poisoning. LB 439 will grant intoxicated minors a limited legal immunity when they seek help for themselves or another individual who is in need of immediate medical attention. The law will only apply to those who 1) are intoxicated 2) call for medical assistance and 3) cooperate fully with law enforcement when medical attention arrives.

d. Consistent with Hastings College responsibility to take action against acts of Sexual Harassment, Misconduct and Violence, a person reporting and bystanders involved the report of such an incident will not be held responsible for an alcohol violation disciplinary sanction under the Policy on Possession and use of Alcohol and Drugs. The responding party (person committing the act) can be held responsible for their actions under the Policy on the Possession and use of Alcohol and Drugs, the Sexual Harassment Policy, Sexual and Misconduct and Violence Policy. Additionally, the responding party can also be exposed to criminal and civil proceedings outside of Hastings College.

**Support and Prevention Services:** Hastings College is committed to increasing employee and student awareness of the issues related to alcohol and drug use, misuse, and abuse. In an effort to reduce harm from the negative effects of alcohol and drug use, the College takes the following steps:

- a. Hastings College provides annual educational efforts to increase awareness about the effects of alcohol and drug use, including in-class and extra-curricular lectures and discussions. Information is also provided through films, posters, and pamphlets, and peer educational efforts promoted through student organizations. Peer educators are trained annually by the Director of Campus Health Services.
- b. Greek organizations are provided additional education on the topic of hazing and chapters sign an Anti-Hazing Policy statement.
- c. Drug and Alcohol Counseling Treatment or Rehabilitation Programs: The Stone Health Center annually coordinates and offers a variety of alcohol and other drug abuse prevention and education services for students, referral services, alcohol and other drug education classes, and peer alcohol educators. In addition, counselors provide confidential

screenings, counseling, and treatment/rehabilitation referral services for those students who are having difficulty with alcohol and drug use/abuse.

d. Hastings College also provides confidential counseling support through the Counseling Center for those wishing to decrease or prevent their consumption of alcohol or drugs and/or deal with alcohol/drug related problems. This may include individual, small group, and/or large group counseling support, as requested.

e. The Coordinator of Student Activities and the Office of Student Engagement at Hastings College are able to provide advice, assistance, and encouragement to student organizations for their development and promotion of guidelines for responsible decision-making about alcohol use by their members.

f. The Coordinator of Student Activities and the Office of Student Student Engagement at Hastings College are available to promote and facilitate any student organization's efforts to provide alcohol-free social and recreational options.

**Health Risks:** Alcohol and other drugs of abuse are a major health problem in the United States. Traditional college-age students are particularly vulnerable to the consequences of alcohol and other drug abuse. The problems associated with alcohol and/or other drug consumption covers a broad range including physical and psychological illnesses (acute alcohol poisoning, mood disorders, self-destructive behavior, and suicide). Accidents, homicides and suicide are the leading causes of mortality in the traditional college-age population. Alcohol is also a contributing factor in poor decision-making that can lead to unsafe behaviors (arguments, fights, driving while intoxicated, sexually transmitted infections.) Consequences of alcohol and other drug abuse include liver damage, gastrointestinal diseases, cancer, and permanent damage to the brain and nervous system.

**Alcohol Policy for College Sponsored Off-Campus Excursions:** There are special considerations related to the use of alcohol during off-campus excursions. These considerations stem from the need to balance the rights of students to exercise their personal freedoms with the responsibility of the college to maintain a safe and effective learning and teaching atmosphere during such excursions. Therefore, the following policies will govern the use of alcohol by students on college-sponsored off-campus excursions, such as field trips and sporting events. Sponsoring departments and trip organizers may establish restrictions in addition to these (e.g., Athletic Department prohibits any alcohol consumption by athletes, a faculty member deeming alcohol consumption inappropriate in association with the purposes of the trip.):

1. Students must observe all laws pertaining to alcohol use in the jurisdiction where the excursion takes place. These include, but are not limited to, legal drinking age, prohibitions against providing alcohol to minors, restrictions against operation of a motor vehicle while under the influence of alcohol, and alcohol-restricted zones such as parks, public buildings, and campgrounds.
2. Students must refrain from the consumption of alcohol during periods that College faculty members define as instructional periods. Instructional periods may include any part or all of any given day during the excursion and are not limited to periods used for direct instruction.
3. Students may consume alcohol only during periods defined as personal, non-instructional time. Students who use alcohol during personal, non-instructional, time must do so in a manner that allows them to be prepared to participate fully in subsequent instruction with complete sobriety and without physical or mental impairment.
4. At all times students are responsible for following the Hastings College Code of Conduct. Illegal drugs, as defined by campus policy, are prohibited during any off-campus excursion.
5. Students are ultimately responsible for their own behavior and compliance with laws and regulations of the local jurisdiction, Hastings College policies, department restrictions and faculty authority.

**Guidelines for Events where Alcohol is Present (not an all-inclusive list, but intended to provide some basic suggestions):**

1. An equal number of alternative, non-alcoholic beverages will be provided at each event involving alcoholic beverages.
2. Food will be provided at each event involving alcoholic beverages.
  - a. The amount of food will be reasonable depending on the number of guests expected.
  - b. The variety of food will include some items without salt.
3. Each participant must present a valid State ID when entering any event involving alcoholic beverages or when purchasing alcohol.
  - a. A mark or wristband will be used to designate those of legal age (21 in Nebraska).
  - b. Enforcement must occur at private parties, as well as at public establishments.
4. Beverage containers, whether alcoholic or non-alcoholic, will be kept inside the host facility.
5. Third-party vendors or trained servers will be used for all registered events.

a. Alcoholic beverages will not be served to intoxicated individuals.

Procedures Victims should follow in case of alleged Date Violence, Domestic Violence, Sexual Assault or Stalking

**Immediate steps to follow following an act of Sexual Misconduct:**

1. Go to a safe location as soon as you are able.
2. Call someone you trust. A friend, family member, or victim advocates are good resources. You do not have to go through this alone.
3. Preserve evidence. After sexual violence, do not shower until you have considered whether to have a no-cost forensic sexual assault examination at Mary Lanning Healthcare. After sexual violence, relationship violence, and/or stalking, save the clothes you were wearing (unwashed) in a paper or cloth bag. Take photos of any damage or injury, and keep communication records. Evidence collection should be completed within 72 hours of the incident, but fluids, hair samples, and DNA can be collected for a long time thereafter. Even if you have washed, evidence can often still be obtained.

Hastings College procedures will be explained and provided via hard copy (if requested). Those who wish incidents to be handled criminally should contact the Hastings Police Department. A campus official is available to accompany students in making such reports, if desired. Contact the Title IX Coordinator for more information.

**Police Reporting:** In addition to required campus reporting, reports may also be made to the police, especially if a crime is potentially involved, by calling the following numbers: Hastings Police Dept., 317 S. Burlington Ave., Hastings, Nebraska (402) 461-2380 or 911.

**Process for requesting a No Contact Order:** Hastings College may take whatever steps are deemed necessary to appropriately respond to reports of sexual misconduct. Measures include, but are not limited to: Referring to counseling and health services; Referring to the Employee Assistance Program; Providing education to the community; Altering the housing situation of the reporting or responding party; Altering work arrangements for College employees; Issuing interim suspensions pending a hearing; Providing campus escorts; Implementing contact limitations between the parties (no contact order) and Offering adjustments to academic course schedules, etc.

These measures are available regardless of whether a reporting party seeks formal resolution through Hastings College or makes a report through the Hastings Police Department.

No contact orders can be requested in person or by written request to the Title IX Coordinator.

Hastings College does not have jurisdiction to implement a criminal or civil Restraining Order. A student or employee may request a criminal or civil Restraining Order through the Hastings Police Department, Adams County Sheriff Department and/or Adams County Court System.

## Reporting and Responding Party Rights

### Reporting:

- Reporting parties have the right to notify the Hastings Police Department (HPD) of incidents and to receive assistance from campus personnel in doing so.
  - Reporting parties may decline to report to HPD if they so wish.
- Reporting parties have the right to have their allegations investigated and resolved by Hastings College.

### Fairness:

- All members of the campus community have the right to have reported incidents addressed according to the published HC Cares policy and procedures.
- All parties have equal opportunities to have an advisor/support person of their choosing present throughout all resolution proceedings (including intake, interviews, sanctioning, etc.). This person can be an advisor, advocate, attorney, family member, friend, faculty member, etc.
- All parties have the right to written notice of the outcome of sexual misconduct resolution proceedings.
- Reporting parties and witnesses will receive amnesty for minor infractions (i.e., alcohol and drug violations) that are secondary to the reported incidents of sexual misconduct.
- Reporting and Responding parties, their supporters, and witnesses have a right to be free from retaliation.

#### **Support:**

- Students have a right to be notified of their ability to access campus counseling and health services.
  - Students and employees have a right to be notified of on and off campus support resources.
- All parties involved in sexual misconduct allegations will receive the information and assistance needed to effectively participate in all proceedings.
- Reporting parties have the right to seek orders of protection, no-contact orders, protection orders, or similar lawful orders issued by criminal, civil, or tribal courts, and may seek the help of Hastings College in requesting and/or enforcing.

**Amnesty for Individuals Reporting a Potential HC Cares Violation** Hastings College encourages the reporting of harassment, discrimination, sexual misconduct and crimes by all members of our community (i.e. 3rd party reporter and reporting party). At times individuals are hesitant to report to College officials or participate in resolution processes because they fear that they may be accused of policy violations that occurred at the time of the incident, such as underage drinking. It is in the best interest of this community that as many individuals as possible choose to report to College officials, and that witnesses come forward to share what they know. To encourage reporting, the College has a Good Samaritan Policy ( [Hastings College Student Handbook](#) ) which offers individuals who are the reporting party, 3rd party reporter, and witnesses of misconduct amnesty from minor policy violations related to the incident. The College pursues a policy of amnesty for students who offer help to others in need. [While policy violations cannot be overlooked, the College will provide educational options, rather than punishment, to those who offer their assistance to others in need.]

### Procedures followed in the Case of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking

#### **Confidential and Privileged Reporting**

##### Confidentiality of Information

1. Hastings College will make every reasonable effort possible to preserve the privacy of an individual who makes a report under this policy and to protect the confidentiality of the information reported consistent with applicable legal requirements. The degree to which confidentiality can be protected, however, depends upon the Hastings College's legal duty to respond to the information reported and the professional role of the person consulted. The professional consulted should make these limits clear before the disclosure of any facts. This section of the policy is intended to make students aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn if they experience sex/gender based harassment, discrimination or sexual misconduct. The College encourages a reporting party to talk to someone identified in one or more of these groups.
2. As required by law, all disclosures to Hastings College of an on campus act of sex/gender based harassment, discrimination or sexual misconduct are tabulated for statistical purposes without personal identifying information. The College must report annually the number of on-campus occurrences of rape, fondling, incest, statutory rape, stalking, and both dating and domestic violence. Further information regarding disclosure can be found in section 24. titled Federal Statistical Reporting Obligations of the [HC Cares Policy](#).
3. Reporting and Confidentiality
  - a. The College encourages the reporting party to talk to somebody about what happened – so the reporting party can get the support needed, and so the College can respond appropriately. Different employees on campus have different abilities to maintain a reporting party's confidentiality.
    - i. Some are required to maintain near complete confidentiality; talking to them is sometimes called a “confidential resources” defined in section 19, a title Confidential Resources of the [HC Cares policy](#) .
    - ii. Others are required to report all the details of an incident (including the identities of both the reporting party and responding party) to the College's Title IX Coordinator or Deputy Coordinators.

#### 4. Requesting Privacy from the College

- a. If a reporting party discloses an incident to a responsible employee but wishes to maintain privacy or requests no investigation into a particular incident, the College must weigh that request against the College's obligation to provide a safe, non-discriminatory environment for all students, including the reporting party.
- b. If the College honors the request for privacy, a reporting party must understand that the College's ability to meaningfully investigate the incident and pursue disciplinary action against the responding party(s) may be limited.
- c. The College Title IX Coordinator will evaluate requests for privacy once notified of an act of sex/gender harassment, discrimination or sexual misconduct.
- d. There are times when the College may not be able to honor a reporting party's request for privacy in order to provide a safe, non-discriminatory environment. When weighing a reporting party's request for privacy or that no investigation or discipline be pursued, the Title IX Coordinator or designee will consider a range of factors, including the following:
  - i. The increased risk that the alleged responding party will commit additional acts of sex/gender based harassment, discrimination or sexual misconduct, such as:
    - whether there have been other complaints of similar conduct about the same alleged responding party;
    - whether the alleged responding party has a history of arrests or records from a prior school indicating a history of violence;
    - whether the alleged responding party threatened further acts of harassment, discrimination or sexual misconduct against the reporting party or others;
    - whether the harassment, discrimination or sexual misconduct was committed by multiple responding parties;
      - whether the harassment, discrimination or sexual misconduct was perpetrated with a weapon;
      - whether the reporting party is a minor;
    - whether the College possesses other means to obtain relevant evidence of the harassment, discrimination or sexual misconduct (e.g., security cameras or personnel, physical evidence);
    - whether the reporting party's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.
- e. The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the College will likely respect the reporting party's request for confidentiality.
- f. If the College determines that it cannot maintain a reporting party's privacy, the College will inform the reporting party before starting an investigation and will, to the extent possible, share information only with employees responsible for handling the College's response. The College will take ongoing steps to protect the reporting party from retaliation or harm, and work with the reporting party to create a safety plan, if necessary. Retaliation against the reporting party, whether by students or College employees, will not be tolerated. The College will also:
  - assist the reporting party in accessing other available information concerning victim advocacy, academic support, counseling, disability, health or mental health services, both on and off campus;
  - provide other security and support if appropriate, which could include issuing a no-contact order, helping arrange a change of academic, living, transportation or working arrangements or course schedules (including for the alleged responding party pending the outcome of an investigation) or adjustments for assignments or tests; and
  - inform the reporting party of the right to report a crime to campus or local law enforcement.
- g. The College will not require a reporting party to participate in any investigation or disciplinary proceeding. The timeframe for concluding the complaint process will depend upon the complexity of the investigation, timing of the report, availability of witnesses, etc.
- h. Because the College is mandated by federal law to combat the issue of sexual misconduct and sex/gender based harassment or discrimination campus-wide, reports of these acts (including non-identifying reports) may also prompt the College to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported acts occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments and/or revisiting its policies and procedures.

**Public Notification of Incidents and Other Reporting Requirements:** As required by the Clery Act, Hastings College collects and annually reports statistical information concerning sexual misconduct occurring within its campus geography. To promote Campus Safety, Hastings College also alerts the campus community to incidents and trends of immediate concern. Nebraska statutes require any person who is aware of or suspects child abuse or neglect (a child is defined as under 19), including sexual

abuse and sexual misconduct, to report it to law enforcement or the Child Abuse Hotline at (800) 652-1999. Also, Nebraska statutes require that every person engaged in the practice of medicine and surgery shall report to law enforcement in every case in which they are consulted for treatment of a wound or injury of violence which appears to have been received in connection with the commission of a criminal offense.

**Files on Sexual Misconduct Incidents:** All reports of sexual misconduct, including a copy of the report and a written summary of the College's response, will be given to and maintained by the College's Title IX Coordinator.

### **Confidential Resource Reporting:**

1. Professional, licensed counselors and pastoral counselors (Chaplain) who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator or to the Deputy Title IX Coordinator. The Campus Health nurse is also not required to report any information about an incident if disclosed during a medical exam.
2. The following is contact information for these individuals:
  - a. Director of [Studio 200/Counseling Services](#) : Emily Dunbar – (402) 469-5419 or edunbar@hastings.edu;
  - b. [Counselor](#) : Michelle M. Morganflash, MS, LIMHP, LPC – (402) 461-1314 or michelle.morganflash@hastings.edu;
  - c. Additional staff working under the supervision of the Director of Counseling Services and acting in the role of a professional counselor.
  - e. Campus Nurse
3. A reporting party who speaks to a professional counselor, member of the clergy, nurse, or advocate must understand that, if the reporting party wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged responding party.
4. A reporting party who at first requests confidentiality may later decide to file a complaint with the college or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the reporting party with assistance if the reporting party wishes to do so.

**Off-campus Counselors and Advocates :** Off-campus counselors, advocates, and health care providers will maintain confidentiality and will not share information with the College unless the reporting party requests the disclosure and signs a consent or waiver form.

1. Contact information for mental health counselors in the area may change from time to time. For a current list of counselors in the area, please contact [Counseling Services](#). Off-campus counselors and advocates may have reporting or other obligations under state law.

- i. Services offered: medical advocacy, legal advocacy, intervention program, community education, ongoing victim support, emergency shelter, and emergency transportation

**Interim Action (Accommodations):** When appropriate, Hastings College will take interim actions to ensure equal access to its education programs and activities, and protect both parties as necessary before the final outcome of an investigation at no cost to the student/employee. In these cases, the College will notify all parties of their options to avoid contact with one another. The College will also take steps to notify all parties of their rights and will provide information concerning victim advocacy, housing assistance, transportation or work assistance (if applicable), academic support, counseling, health and mental health services, legal assistance and the right to report a crime to campus safety and/or local law enforcement. The College will consult with the reporting party regarding possible interim measures.

Notice to reporting and responding party: The College will not restrict either party from discussing and sharing information relating to their complaint with others who are directly supporting or assisting in presenting their case. The College does remind both the reporting and responding parties that any form of retaliation, including retaliatory harassment and retaliation by a third party is prohibited.

The College may suspend, on an interim basis, a student or place an employee on administrative leave pending the completion of the investigation of sex/gender based act of harassment, discrimination or sexual misconduct. In cases in which an interim suspension or administrative leave is imposed, the student or employee will be given the opportunity to meet with an appropriate administrator before such action is imposed, or as soon thereafter as reasonably possible, to show cause why the action should not be implemented. During an interim suspension or administrative leave, a student or employee may be denied access to College housing, the College campus, facilities, classes or events, either entirely or with specific application. At the discretion of the appropriate administrative officer, alternative coursework options may be pursued to ensure as minimal an impact as possible on the reporting and responding party student. At the discretion of the appropriate administrative officer, alternative employment/work options may be pursued to ensure as minimal an impact as possible on the responding party employee. Violation of interim provisions will be grounds for disciplinary action such as suspension, expulsion, administrative leave or termination.

#### **Remedies:**

Hastings College may take whatever steps are deemed necessary to appropriately respond to allegations of sexual misconduct. Measures include:

- Referral to counseling and health services.
- Referral to the Employee Assistance Program.
- Providing education to the community.
- Altering the housing situation of the reporting or responding party.
- Altering work arrangements for College employees.
- Issuing interim suspensions pending a hearing.
- Providing campus escorts.
- Implementing contact limitations between the parties (no contact order).
- Offering adjustments to academic course schedules and/or assignments.

These measures are available regardless of whether a reporting party seeks formal resolution through Hastings College or makes a report through the Hastings Police Department.

#### **Policy Enforcement, Investigation and Grievance - Adjudication Procedures for Sex/Gender Based Incidents**

All College disciplinary proceedings involving alleged dating violence, domestic violence, sexual assault or stalking will include prompt, fair, and impartial processes from the initial investigation to the final result, and will be completed within a reasonably prompt timeframe as provided more specifically in the detailed procedures. The College will provide written notice to the parties where extensions of timeframes are granted for good cause, and the reason for the extension. Proceedings will be conducted in a manner that is consistent with College policy and transparent to the parties, timely notice of meetings will be provided to the parties, the parties will have equal access to any information that will be used during the meetings and other proceedings, and College officials

involved will not have a conflict of interest or bias for or against any party. All proceedings will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct procedures that protect the safety of the victims and promote accountability. Training includes, but is not limited to, topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The complainant and respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. The College will not limit the choice of advisor or the advisor's presence for either party. The preponderance of the evidence standard of proof (which means "more likely than not") will be used in any College disciplinary proceeding that arises from allegations of dating violence, domestic violence, sexual assault or stalking. Both the complainant and the respondent will be simultaneously informed, in writing: a) of the outcome of any College disciplinary proceeding that arises from an allegation of Prohibited Conduct; b) of the College's procedures for the complainant and respondent to appeal the results of the College disciplinary proceeding; c) of any change to the results that occurs prior to the time that such results become final; and d) when such results become final.

### **Informal Resolution Process**

1. Informal resolution is an alternative to the formal complaint resolution process. The Title IX Coordinator or designee will determine if informal resolution is appropriate based on the willingness of the parties and the nature of the alleged conduct. The College will not pursue an informal resolution process for acts of sexual

misconduct. Sanctions are generally not pursued as the result of an informal resolution process, but can be given if found necessary, though the parties may agree to appropriate remedies. The Title IX Coordinator will keep records of any resolution that is reached. The College reserves the right to cancel informal resolution if sufficient evidence suggests the act could be ongoing then a formal investigation or other sanctions or remedies may be necessary and appropriate.

2. If the Title IX Coordinator is able to resolve the complaint in an informal manner satisfactory to both the reporting party and the responding party, the Title IX Coordinator will have both parties sign the agreements, give a copy to both parties, and keep the agreements on file.
3. It is not necessary to pursue informal resolution first in order to make a formal complaint, and anyone participating in informal resolution can stop that process at any time and request to continue through the formal process.
4. If an allegation includes actions that involve criminal activity and/or sexual misconduct, reports will be coordinated by the Title IX Coordinator. Individuals are strongly encouraged to also file a report with Hastings Police Department.

**Formally reporting an act of sex/gender based harassment, discrimination, or sexual misconduct Filing a complaint:**

Reporting party(s) are encouraged to file complaints as soon as reasonably possible to increase the ability of Hastings College and/or law enforcement (if reported to law enforcement) to gather adequate information and take appropriate remedial action. Actions may be limited where a significant amount of time has elapsed between an incident and the filing of a complaint. A person who is the reporting party of sexual misconduct is encouraged to make a formal report to:

- [online HC Cares report form](#) ;
- [hccares@hastings.edu](mailto:hccares@hastings.edu);
- the Title IX Coordinator - Dr. Kittie Grace (402) 461-7385, [kgrace@hastings.edu](mailto:kgrace@hastings.edu);
- Deputy Title IX Coordinator (402) 461-7420 - Colleen Ferguson or (402) 461-7444 - Brian Hessler
  - Hastings Police Department (911) or (402) 461-2364;
- During weekends or when College administrative offices are closed, to Hastings College Campus Safety (402) 984-8064 (cell).

**Complaint Intake:** Following receipt of notice or an incident complaint, the Title IX Officer or Deputy Title IX Coordinator will make an initial determination as to whether the information has weight to indicate there may have been a violation of this policy. If it appears a violation may have occurred, a pattern of misconduct, and/or a perceived threat of further harm to the community or any of its members is present, then an investigation will be pursued. If the complaint does not appear to allege a policy violation or if conflict resolution is desired by the reporting party and appears appropriate, then the complaint will not proceed to investigation.

**Investigator assignment:** The Title IX Coordinator will designate two persons, who have been trained annually, who do not have any (real or perceived) conflicts of interest with either party, to represent the College and to conduct an investigation into the reported incident.

**Investigation:** If a reporting party wishes to pursue a formal complaint or if the College determines an investigation is necessary, the Title IX Officer will assign two trained College investigators.

- a. Investigations will be thorough and impartial.
- b. The College will inform parties involved at regular intervals of the status of the investigation. c. The College will designate a reasonably prompt timeframe for the major stages of a complaint process (investigation, review of materials, findings determination and appeal procedures) with the aim to complete the entire process within 60 college business days. Factors may extend investigations beyond the 60 business days. In these occurrences, written notification will be given to all parties explaining the cause for an extension to the process. The College may also undertake a delay when criminal charges are being investigated upon request by the police department conducting the investigation. The College disciplinary process will continue regardless of the status of criminal investigation or charges involving the same incident.
- d. The reporting party and responding party will be given equitable rights during the investigation and grievance/adjudication process. Each party will have an opportunity to present information, documents and witnesses to the persons deciding if the act of sex/gender based harassment, discrimination or sexual misconduct occurred and the nature of the sanction if it is determined that the act occurred.

- e. The responding party will be provided notice of the allegations against them.
- f. In incidents of sexual misconduct, the College prohibits questioning about the reporting party's prior sexual conduct with anyone other than the responding party. Evidence that a prior consensual dating or sexual relationship between the parties does not by itself imply consent or preclude a finding of sexual misconduct.
- g. Both the reporting party and responding party may ask an advisor (maximum of two) of their choosing to be present at any investigation interview or at a findings/sanctioning meeting; however:
  - the advisor's presence in an investigation interview or a findings/sanctioning meeting is for support and advice purposes only;
  - advisors are not permitted to speak for/on behalf of the student, reporting party or responding party or to otherwise engage in the proceedings in any way or to cross examine witnesses;
  - the advisor may be a friend, family member, attorney or other person of the reporting party's or responding party's choosing;
  - if any advisor, including an attorney, is deemed to be disruptive or attempts to speak for or on behalf of the reporting party or responding party, or who attempts to participate in the proceedings, that advisor may be excluded from the investigative interview or the findings/sanctioning meeting or meeting room.
- h. Failure by a responding party to cooperate in an investigation or respond in a timely manner may be grounds for discipline.
- i. If at any time during the investigation, the reporting party declines to cooperate in the investigation or if it is determined that the reporting party no longer wishes to pursue their complaint, the matter may be considered closed with appropriate notification to both parties. The reporting party can decide to resume the investigation at a later date as long as a finding was not determined by a Third Party Decision Maker through the original investigation.
- j. To the extent practicable and allowable by law, all aspects of the complaint and investigation conducted in accordance with these proceedings will be private.
- k. All affected parties shall cooperate fully in the investigation and shall maintain and preserve the privacy of the investigation.
- l. After the fact-finding process has been concluded, the investigators shall send simultaneous written notice to both parties as to the next step of the grievance process.
- m. The investigators will also explain to both the reporting party and responding party that they will have access to review all investigation materials upon request and after the completion of the investigation. When possible, an in-person review will be arranged with the Title IX Coordinator. Personal identifying information for witnesses and other information as deemed necessary by the Title IX Coordinator will be removed from all investigation materials prior to review.
- n. At any point during the investigation, if it is determined there is no reasonable cause to believe that College policy has been violated, the Title IX Coordinator has authority to terminate the investigation and end resolution proceedings.

**Improper Conduct During an Investigation:** Any member of Hastings College's community who provides knowingly false information or who refuses to cooperate in an investigation related to this policy will be subject to disciplinary action, up to and including expulsion, suspension, termination, removal from campus, cancellation of contract or any other means necessary to address the behavior.

**Student Withdrawal from College while Allegations Pending :** Should the responding party (who is a student) decide to permanently withdraw from the College, the resolution process ends, as the College no longer has disciplinary jurisdiction over the withdrawn student. Title IX Coordinator will continue to act to promptly and effectively remedy the effects of the conduct upon the reporting party and the community.

**Employee Resignation from College while Allegations Pending:** Should a responding party (who is an employee) resign while allegations are pending, the records of the Title IX Officer will reflect that status, as will College's responses to any future inquiries regarding employment references for that individual. Should an employee decide to leave and not participate in the investigation and/or hearing, the process will continue in the employee's absence to a reasonable resolution and that employee will not be permitted to return to the College unless any and all sanctions have been satisfied. The Title IX Officer will continue to act to promptly and effectively remedy the effects of the conduct upon the reporting party and the community.

## Disciplinary Procedures and Action

1. Upon receipt of the investigative report and investigation documents, the Title IX Officer will review all materials to ensure a fair, equitable and private/confidential investigation process; to assess evidence and credibility of information; and to make sure all investigation materials are present.
2. Upon review of the investigation materials the Title IX Coordinator will forward it to a third party decision maker, annually trained, for a disciplinary decision of whether a policy violation has or has not occurred, and for determination of applicable sanctions.
3. The preponderance-of-the-evidence (i.e., more likely than not) standard will be used. A student or employee will be found either in violation or not in violation of this policy.
4. Where the responding party is found not responsible for the alleged violation(s), the investigation will be closed.
5. Where the responding party is found in violation of this policy due to the alleged violation(s), the College will act to end the discrimination or other misconduct, prevent its recurrence, and remedy its effects on the reporting party and the HC community.
6. Sanctions for violations of the HC Cares policy include:
  - termination;
  - expulsion;
  - suspension;
  - removal from campus;
  - suspension/expulsion from campus housing;
  - cancellation of contract and/or termination;
  - administrative leave;
  - conduct probation;
  - anger management, violence, or substance abuse screening;
  - participation in an intervention program or support group;
  - educational sanction or paper;
  - permanent no contact order;
  - other appropriate institutional sanctions.
7. Other members of Hastings College's community who are not students, staff or employees, and who may not be explicitly subject to this College procedure, upon a finding of a violation, shall be subject to adverse actions such as removal from campus, cancellation of contract or any other means necessary to address the behavior.
8. All parties will receive written notification of the outcome, including the findings, any resulting responsive actions, and the rationale for the decision. This written notification of a final decision will be delivered to the parties without undue delay between the notifications. The notification will also explain appeal options and procedures to both parties.

**HC Cares Appeal Procedure:** Any party may file a request for appeal ("Request for Appeal"), but it must be submitted in writing to the Title IX Coordinator within five (5) business days of the delivery of the Notice of Outcome.

- There will be a single Appeal Decision-maker for the appeal. No Appeal Decision-maker will have been involved in the process previously, including any dismissal appeal that may have been heard earlier in the process.
- The Request for Appeal will be forwarded to the Appeal Decision-maker for consideration to determine if the request, if established, would satisfy a ground for appeal (a Review for Standing).
- This review is not a review of the merits of the appeal, but is solely a determination as to whether the request satisfies one or more of the grounds for appeal, and is timely filed.
- Appeals are limited to the following grounds:
  - Procedural irregularity that affected the outcome of the matter;
  - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - The Title IX Coordinator, Investigator(s), or Decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or the specific Complainant or Respondent that affected the outcome of the matter.
- If any of the grounds in the Request for Appeal do not meet the grounds in this Policy, that request will be denied by the Appeal Decision-maker, and the parties and their Advisors will be notified in writing of the denial and the rationale.
- If any of the grounds in the Request for Appeal may, if established, satisfy any of the grounds described above, then the Appeal Decision-maker will notify the other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker.

- The other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker will be mailed, emailed, and/or provided a hard copy of the request for an appeal with the approved grounds and then be given five (5) business days to submit a response to the portion of the appeal that was approved and involves them. All responses, if any, will be forwarded by the Appeal Decision-maker to all parties for review and comment.
- The non-appealing party (if any) may also choose to raise a new ground for appeal at this time. If so, that will be reviewed to determine whether it may, if established, satisfy a ground described above, and will be either denied or approved by the Appeal Decision-maker. If approved, it will be forwarded to the party who initially requested an appeal, the Investigator(s) and/or original Decision-maker, as necessary, who will submit their responses, if any, in five (5) business days, which will be circulated for review and comment by all parties.
- Neither party may submit any new requests for appeal after this time period. The Appeal Decision-maker will collect any additional information needed and all documentation regarding the approved grounds for appeal, and the subsequent responses and the Appeal Decision-maker will render a decision as to whether any approved ground of appeal has been established in no more than five (5) business days, barring exigent circumstances. All decisions will apply the preponderance of the evidence standard.
- A Notice of Appeal Outcome will be sent to all parties simultaneously including the decision on each approved ground and rationale for each decision. The Notice of Appeal Outcome will specify the finding on each ground for appeal, any specific instructions for remand or reconsideration, any sanctions that may result (which the College is permitted to share according to state and federal law), and the rationale supporting the essential findings (to the extent the College is permitted to share such information under state and federal law).
- Notification will be made in writing and may be delivered by one or more of the following methods: in person or emailed to the parties' Hastings College-issued email or otherwise approved account. Once emailed and/or received in-person, the College will presume that notice has been received.

**Standard of Evidence:** preponderance-of-the-evidence (i.e., more likely than not) standard will be used in all cases.

**Response to a report of dating violence, domestic violence, sexual assault or stalking:** When Hastings College receives a report of dating violence, domestic violence, sexual assault or stalking the reporting and responding party receives a copy of the [HC Cares policy](#), a copy of [on and off campus resources](#), and a copy of the [HC Cares Grievance Procedure Flow Chart](#).

### **Conduct Policy for Student Code of Conduct Violations**

**Jurisdiction of Hastings College:** Generally, Hastings College jurisdiction and discipline shall be limited to conduct which occurs on College premises or which adversely affects the Hastings College community and/or the pursuit of its objectives.
